Ordinance No. 141, 2025, Expressing Support for the Recommendations of the Civic Assembly and Adopting a Conceptual Framework for the Use and Management of the Hughes Stadium Site (the "Council-Adopted Ordinance"), was adopted by the City Council on September 2, 2025, and provides for the following City actions:

- requiring multi-use development and management for the approximately 165-acre Hughes Site;
- requiring the City to consult with Native American tribes and the Indigenous community throughout the process;
- requiring site plans to feature native and xeric vegetation and a naturalistic architectural palette, and include the following new amenities for the Hughes Site:
 - a City natural area, up to 60 acres;
 - dedicated space and facilities for environmental education and wildlife conservation, to include wildlife rescue and rehabilitation, up to 30 acres;
 - a trail system throughout the site connected to nearby City natural areas and parks;
 - a City park with a community bike park up to 35 acres, a community gathering area and appropriate related facilities;
- may include existing uses, such as disc golf and winter sledding; and
- requiring the City to manage these uses over time as planning, design and funding allow, in accordance with regular City planning and review processes, and consistent with the Public Open Lands zoning.

Shall the Council-Adopted Ordinance for multi-use of the Hughes Site be approved?
