Why do you want to become a member of this particular board or commission?	I am a retired air quality professional with almost 50 years of experience in

meteorology and environmental science. Now that I'm retired, I'm looking for a way to give back to my community and my technical and regulatory expertise on air quality issues should be of value to the community. As a contractor, I was the primary author of the original City of fort Collins air quality plan in the 1980s.

In your opinion, what are the biggest issues related to air quality regionally and in the City?

Ozone non-attainment, transportation emissions, air toxics exposures in the community

What do you think the City should prioritize in air quality management?

Helping to reduce/manage emissions to minimize pollutant exposures in the community
