## FIRST READING BACKGROUND / DISCUSSION

The City has long been the beneficiary of local generosity and has a valuable role in our community's philanthropic landscape. Generosity is demonstrated in both large and modest gifts, each appreciated for its investment in the mission and the range of services the City strives to deliver.

Both Section 2.5 of the City's Financial Management Policy 2 – Revenue, as approved by Council, and the Administrative Philanthropic Governance Policy 6.04, adopted by the City Manager, (together the "City Give Policies"), provide the bases and processes for the responsible and efficient management of charitable donations to the City.

This item requests an appropriation of \$100,000 in philanthropic revenue received from the Colorado Health Foundation into an established fund within the City and for expenditure authority against that amount for the purposes set forth in that fund. The Colorado Health Foundation invests in programs, services, and policies that promote health equity and racial justice across our state.

In 2021, Council authorized creating the Municipal Immigration Legal Defense Fund by approving Ordinance No. 064, 2021, to establish a pilot program to provide necessary and important public services. Continued funding for the program (the "Program") has been approved in the 2025 and 2026 City budget. The Program is administered in the City by Sustainability Services appropriations support services related

to Fort Collins residents' immigration issues, including, but not limited to, the following: pursuing a pathway to citizenship or permanent residency, legal representation, education and outreach, and legal clinics.

### **CITY FINANCIAL IMPACTS**

---

Upon adoption, this Ordinance will appropriate in the current fiscal year into the Municipal Immigration Legal Defense Fund new philanthropic revenue received by City Give in the amount of \$100,000 and authorize expenditures against those revenues for purposes of the Program. These revenues have been received and accepted per the City Give Policies.

The City Manager has also determined that these appropriations are available and previously unappropriated from their designated City Fund and will not cause the total amount appropriated in those Funds to exceed the current estimate of actual and anticipated revenues.
