

ORDINANCE NO. 220, 2025
OF THE COUNCIL OF THE CITY OF FORT COLLINS
AMENDING CHAPTER 5 OF THE CODE OF THE CITY OF FORT COLLINS FOR THE
PURPOSE OF ADOPTING THE 2025 COLORADO WILDFIRE RESILIENCY CODE
AND APPENDICES, WITH AMENDMENTS

A. The unrestricted use of property in wildland-urban interface areas is a potential threat to life and property from fire and resulting erosion.

B. On July 1, 2025, the Wildfire Resiliency Code Board ("Board") created in Colorado Revised Statutes 24-33.5-1236(2), within the Division of Fire Prevention and Control in the Colorado Department of Public Safety, adopted the *2025 Colorado Wildfire Resiliency Code* ("CWRC") at 8 Code of Regulations Colorado 1507-39(3).

C. The CWRC establishes minimum regulations to safeguard life and property from intrusion of fire from wildland fire exposures and fire exposures from adjacent structures and to provide adequate fire protection facilities to control the spread of fire in wildland-urban interface areas.

D. Colorado Revised Statutes Section 24-33.5-1237(2)(a), as amended by Colorado Senate Bill 25-142, requires any governing body with jurisdiction in an area within the wildland-urban interface that has authority to adopt building codes to adopt a code that meets or exceeds the minimum standards set forth in the CWRC within nine months of its adoption by the Board.

E. The City of Fort Collins has jurisdiction in an area within the wildland-urban interface and has authority to adopt building codes; therefore, the City is required to adopt a code meeting or exceeding the standards set forth in the CWRC.

F. The CWRC is an adaptation of Chapters 1, 2, 3, and 5 of the *2024 International Wildland Urban Interface Code*, published by the International Code Council.

G. The City is concurrently adopting, with local amendments, the 2024 publications of the following ten other interconnected basic construction codes published by the International Code Council: the *International Building Code*, *International Residential Code*, *International Mechanical Code*, *International Fuel Gas Code*, *International Energy Conservation Code*, *International Property Maintenance Code*, *International Swimming Pool and Spa Code*, *International Existing Building Code*, *International Plumbing Code*, and the *International Fire Code*.

H. The CWRC is also intended to be interconnected with these basic construction codes.

I. The City Council has determined that it is in the best interests of the health, safety and welfare of the City and its residents that the *2025 Colorado Wildfire Resiliency Code* be adopted, with local amendments as set forth in this Ordinance.

J. Pursuant to the City Charter Article II, Section 7, City Council may enact any ordinance which adopts a code by reference in whole or in part provided that before adoption of such ordinance the Council hold a public hearing thereon and that notice of the hearing shall be published twice in a newspaper of general circulation published in the City, with one of such publications occurring at least eight (8) days preceding the hearing and the other publication occurring at least fifteen (15) days preceding the hearing.

K. In compliance with City Charter, Article II, Section 7, the City Clerk published in the Fort Collins *Coloradoan* such notice of hearing concerning adoption of the 2024 International Codes on November 16, 2025, and November 23, 2025.

L. Attached as Exhibit A and incorporated herein by reference is the Notice of Public Hearing dated November 16, 2025, that was so published and which the Council hereby finds meets the requirements of Article II, Section 7 of the City Charter.

In light of the foregoing recitals, which the Council hereby makes and adopts as determinations and findings, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF FORT COLLINS as follows:

Section 1. Chapter 5 of the City of Fort Collins is hereby amended by the addition of a new Article IX, which reads in its entirety as follows:
