Current Occupation: Avex Aviation - VP of Avionics

Please describe the property that you own or lease, the business location, or the residence that qualifies you to apply for this Commission.

I own three hangars at this airport and lease them to my current employer. I owned an aviation business for 18 years that was recently acquired by a larger aviation business.

Are you currently serving on a City board or commission? ☒ Yes ☐ No

If so, which one? Airport Commission - reapplying for another term

An individual may not serve on more than one board or commission at a time unless: 1) the member is the only qualified applicant for the position or 2) the member resigns his or her position on the first board or commission prior to or upon appointment to the second board or commission.

Why do you want to become a member of this particular board or commission?

I have enjoyed serving in this role for the last two terms. I hope that I have been effective, and I would like to continue. I bring aviation expertise and aviation business expertise to the commission

List any abilities, skills, licenses, certifications, specialized training, or interests you have which are applicable to this board

Pilot, flight instructor, hangar owner, aviation business owner, long time resident of Fort Collins. Plus I have extensive knowledge of the aviation industry and other airports nationwide. It's what I do.

Briefly explain what you believe is the most important issue this commission will address, and how do you believe this commission should approach this issue?

Timely question. Level playing field and equal access for all users, businesses, and developers. This is my most important issue. Our use of federal, state, and local funds should benefit all users and stake holders.

Please specify any activities which might create a serious conflict of interest if you should be appointed to this board or commission:

No conflict of interest matters in general. If a particular issue does occur, then I will recuse myself from that matter as I have done in the past. Example - COVID business relief program for airport businesses.

Have you ever been convicted of a crime (except for minor traffic offenses that resulted only in a fine)? YES ☒ NO

If yes, please explain in detail. State the nature and approximate date of the conviction, the sentence imposed, whether the sentence has been completed, and any other information you consider to be relevant.
