

Fort Collins One Water Strategic Plan Update

Jill Oropeza

Sr. Director, Utilities Sciences & Planning

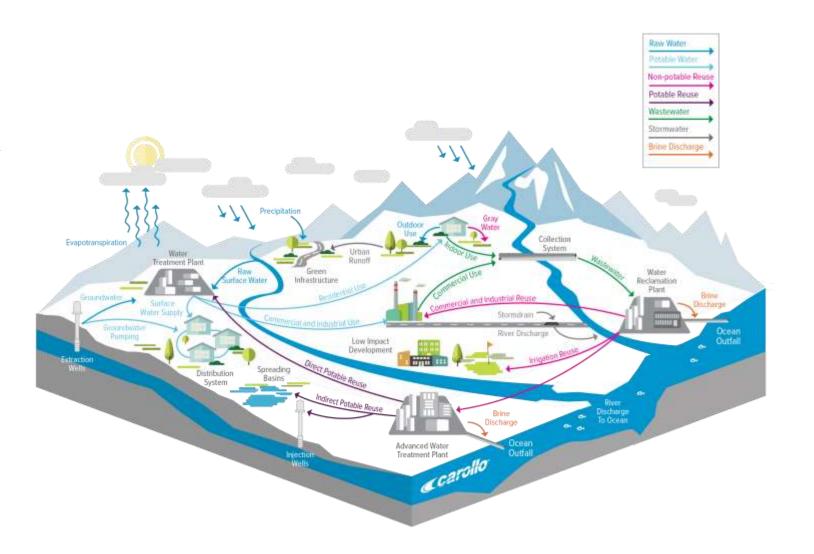

One Water Approach

One Water approach manages all water—whether from the tap, a stream, a storm, an aquifer, or a sewer—in a collaborative, integrated, inclusive, and holistic manner.

- US Water Alliance

Guiding Principles of One Water

- Value water at every stage and in every form
- Solutions that achieve multiple benefits
- Approach decisions with a systems mindset
- Use watershed-scale thinking and action
- Rely on partnerships and inclusion
- Account for climate action urgency and opportunities

Why One Water?

Water Quantity – Too Much, Too Little

Water Quality & Regulations

Ecosystem Degradation

Aging & Inadequate Infrastructure

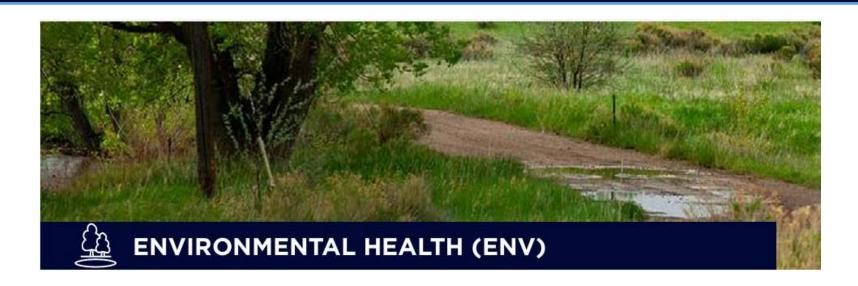

A Changing Climate

Pricing & Affordability

Strategic Alignment

Strategic Objective

ENV 2 - Sustain the health of the Cache la Poudre River and regional watersheds while delivering a resilient, economically responsible and high-quality water supply for all Fort Collins residents.

Council Priority

Protect community water systems in an integrated way to ensure resilient water resources and healthy watersheds.

One Water Cities Self-Assessment Framework

Categories	Level 1 Onboarding	Level 2 Progressing	Level 3 Implementation
One Water	Information	Plan	Adaptive Implementation
Planning	Gathering	Development	
Organizational	Leadership	Organizational	Inspired
Culture	Commitment	Alignment	Organization
Stakeholder	Institutional	Community	Continuous
Engagement	Collaboration	Engagement	Feedback
Informed Actions	Quick Wins	Collaboration Opportunities	Long-term Commitment
One Water	Baseline	Benchmarking	Performance
Monitoring	Indicators	Indicators	Indicators

Phase 1 - Onboarding & Self-Assessment (Complete)

- Staff interviews about current performance across Framework's five pillars
- Review of City plans related to water resources, facilities, systems, programs, and practices

Visioning

 Workshop and focus-groups to develop a One Water vision, goals and supporting actions

One Water Steering Committee

Established cross-departmental team

One Water Action Framework Report

Summarizes current performance levels, gaps and opportunities for advancement

Phase 1 – Current State Assessment

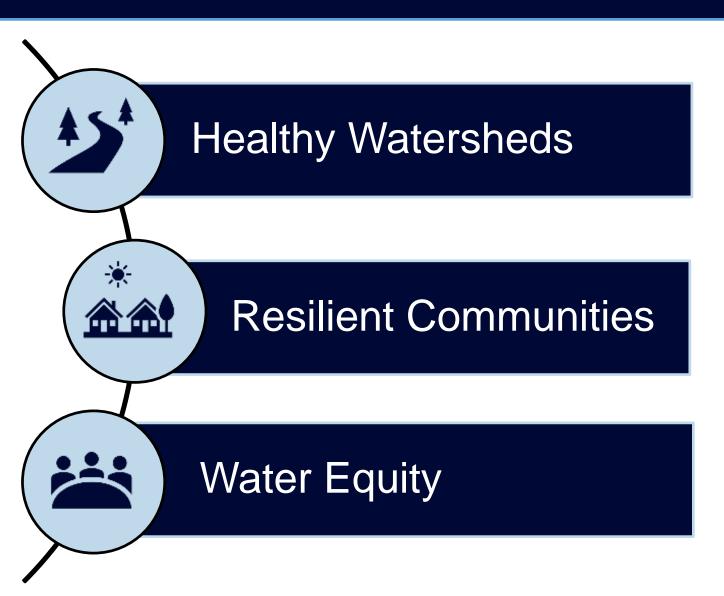

Categories	Level 1 Onboarding	Level 2 Progressing	Level 3 Implementation
One Water	Information	Plan	Adaptive
Planning	Gathering	Development	Implementation
Organizational	Leadership Commitment	Organizational	Inspired
Culture		Alignment	Organization
Stakeholder	Institutional Collaboration	Community	Continuous
Engagement		Engagement	Feedback
Informed Actions	Quick Wins	Collaboration Opportunities	Long-term Commitment
One Water	Baseline	Benchmarking	Performance
Monitoring	Indicators	Indicators	Indicators

One Water Vision

Through the One Water Action Framework:

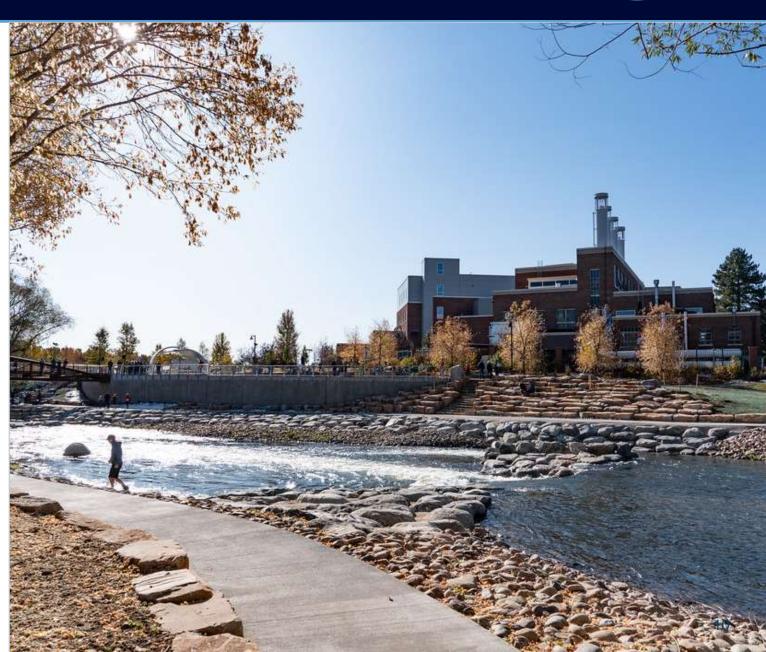

We advance collaborative and holistic water management approaches that promote healthy watersheds, resilient communities, and water equity.

Phase I - Identified Needs & Opportunities

- One Water Strategic Plan
- Organizational Alignment and Culture-Building Around One Water
- One Wate Project & Service Delivery
- Performance Tracking

Phase 2 – One Water Planning (In progress)

One Water Strategic Plan Development

- 50-year planning horizon
- Refine goals & supporting actions
- Engagement & alignment strategies
- Select One Water performance metrics
- City plans alignment (City Plan, Our Climate Future, etc.)

Advance Key Supporting Actions

- One Water Utilities organizational structure refinement
- Integrated Water Resources Plan
- Comprehensive Stormwater Basin Master Plan

Develop Performance Tracking System

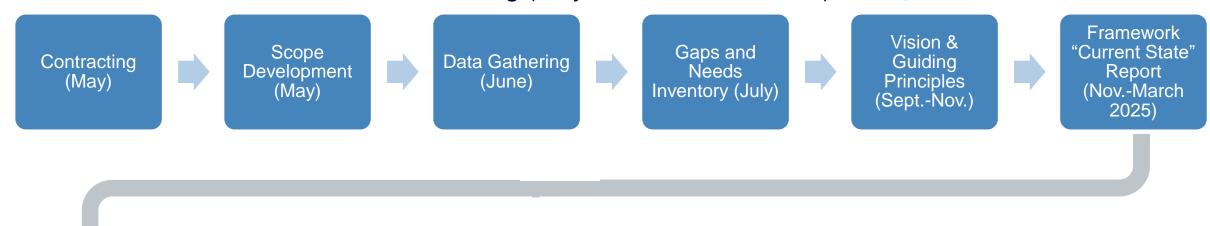

Partnership with CSU One Water Solutions Institute

One Water Planning Timeline

Phase 1 – Self-Assessment & Onboarding (May 2024 – March 2025) Complete

Phase 2 – Planning & Action (May 2025 – November 2026)

Phase 3 – Performance (2026 and beyond)
