City of Franklin, Warren County

We are requesting a variance of 166 square feet for the existing 10x12 shed and the existing upgraded 11x28 shed. My intention is to maintain the value and appearance of my home & property. Previously, the area was not safe; it is now safe and free of obstructions. The 11x28 shed has been placed directly on top the previous dilapidated structures 16x20 area, with a minimum of 4.5 feet recessed on each side.

Thank you,

Ronald Heitfield
