

Conditional Use Permit Parking Response

City Hope Church

1455 E. 2nd Street, Franklin, Ohio 45005

Parcel ID: 0426426018

City Hope Church respectfully submits the following response to the City's Conditional Use Review Letter regarding parking capacity for the proposed use of the property.

According to Table 1111.07-5, *Required Number of Parking Spaces*, religious and cultural facilities are required to provide one (1) parking space for every four (4) seats based on maximum occupancy. The property currently contains approximately sixty (60) parking spaces.

Based on the City's parking standard, the existing parking supply supports approximately 240 seats. City Hope Church currently conducts two Sunday worship services with an average attendance of approximately 120 individuals per service. A thirty-minute interval is maintained between services to allow attendees from the first service to exit and attendees for the second service to arrive, minimizing parking demand and traffic congestion.

While City Hope Church anticipates continued growth at this location, current attendance levels remain well within the capacity supported by the existing parking supply. Should attendance approach or exceed the parking capacity established through this conditional use approval, the church would evaluate and implement one or more of the following measures:

1. Add an additional worship service on Sunday or another day of the week to distribute attendance across multiple service times.
2. Pursue shared parking agreements with neighboring property owners to provide supplemental parking during worship services and special events.
3. Add additional permanent parking spots in coordination with the city and following appropriate approval requirements.

City Hope Church is committed to being a responsible community partner and ensuring that parking demands associated with its operations do not adversely impact neighboring properties or public rights-of-way.

Thank you for your consideration.
