

RESOLUTION 2024-45

A RESOLUTION OF THE CITY OF FROSTBURG, A MUNICIPAL CORPORATION OF THE STATE OF MARYLAND AUTHORIZING THE UPGRADE OF AN UNDERDRAIN PUMP SYSTEM AT THE FROSTBURG WATER TREATMENT PLANT.

WHEREAS, The City’s water production has increased on average 22% over the last 19 months due to supplying the Georges Creek water system on an emergency basis, revealing lack of capacity in the sediment bays based on the sustained increased demand; and,

WHEREAS, various alternatives have been evaluated, but the City has sought a low cost solution as Lonaconing asserts they will return to their own water supply.

NOW, THEREFORE, BE IT RESOLVED that the Mayor and City Council of Frostburg, Maryland, hereby authorizes the purchase as a sole source purchase because the contractor has significant familiarity with the City resource for which the purchase is sought; and approves a contract with Com-Bro Contracting, Inc. in the amount of \$44,500 to upgrade the underdrain pump station at the Frostburg Water Treatment Plant.

ADOPTED, this 20th day of August, 2024.

Frostburg Mayor and Council
