Re: New Retail Food Establishment – El Mescal Family Mexican Restaurant

Contact Name: Pablo Munoz

The plans and specifications for the following establishment were reviewed by Mesa County Public Health for compliance with the Colorado Retail Food Establishment Rules and Regulations:

El Mescal Family Mexican Restaurant
439 Highway 6 & 50 Fruita, CO 81521

Scope of Work: Serve a wide array of Mexican cuisine including eggs, oysters, chicken, shrimp, octopus, steak, & pork.

The plans and specifications have been reviewed based upon the menu that was submitted. Those items that were identified in the review are the facility plans, plan review application, menu, and equipment specification cut sheets. Any changes in the menu or method of operation may result in additional requirements that would require changes in the equipment in the facility to meet code requirements.

This plan approval is valid for one (1) year from the date of this letter. Failure to complete construction work within one year from the date of this letter may subject you to additional plan review requirements and/or fees. A pre-operational inspection must be made of this establishment prior to opening. Please contact this office *at least* 3-5 days in advance to schedule the inspection.

If you have any questions concerning the plan approval, please contact the Environmental Health team at 970-683-6630.
