Re: Letter of Support for Congressional Directed Spending – Family Health West

Honorable Senator Hickenlooper,

We are in full support of Family Health West and the important plethora of healthcare services it offers our community and has done so for more than 75 years.

Not only does Family Health West serve our community and outlying communities with a 25-bed critical access hospital, they also offer an emergency room, and a vast network of specialty clinics, including pediatric and adult rehab.

Coming soon will be an urgent care as FHW continues to grow and flourish. We are in support of this growth and are excited to see the growth!

FHW plans to tear down the support services building and build a state-of-the-art Comprehensive Medical Center which would house adult and pediatric rehab, an education center, a meeting space complete with catering space, offices and much more. We are in full support of them starting this project with help from Congressional Directed Spending.

We are behind Family Health West one hundred percent in their quest to service our community. If you need further information, please reach out to me.

Thank you,

Joel Kincaid

Mayor, City of Fruita
