AGENDA TEXT: City's Parks, Open Space and Trails Naming and Renaming Procedure Discussion

PURPOSE

To discuss options and considerations associated with the City's Parks, Open Space, and Trails Naming and Renaming Procedure in light of a request from a local resident to consider a donation to the City for the Dog Park and naming in memoriam tied to the request.

BACKGROUND

In 2011, City Council adopted Resolution 2011-03, Parks, Open Space and Trails Naming and Renaming Procedure for the purpose to “clearly define the process for naming City of Fruita’s parks, trails, open space areas and associated structures or facilities.” The procedure is attached. This will be an opportunity for City Council to ask questions regarding the procedure and to discuss various options with City staff on proceeding forward considering a request has been made.
