AGENDA TEXT: DRAFT Amendments to the Fruita City Charter

PURPOSE

Attached are two versions (Redline and Blackline) of the proposed DRAFT changes to the Fruita City Charter for consideration by the voters at the April 2, 2024 election. Various sections of the document are amended for gender neutrality. There was some discussion regarding clarification of a quorum in the absence of the Mayor and if the Council member serving as Mayor Pro-tem counts towards the quorum. I have highlighted various sections of the Charter concerning a quorum and feel this issue is addressed in the Charter but additional discussion or clarification may be desired.
