

ANOVA

ANOVA is a true wireless fuel monitoring system, accurately measuring the fuel in your tank, day and night, 24/7, providing complete uninterrupted service.

ANOVA monitors provide cost effective accurate measurements that can be checked online at any time.

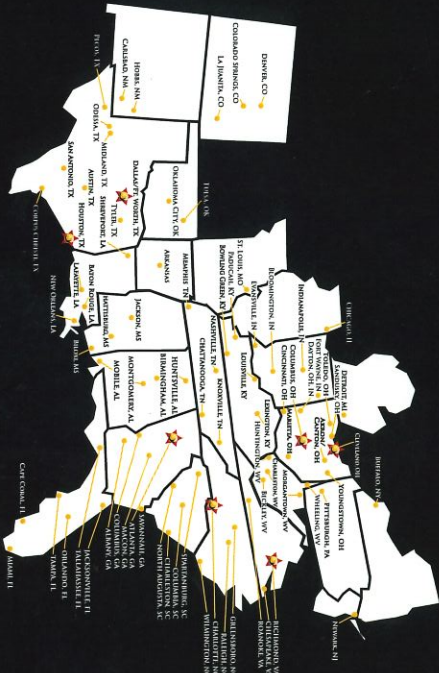

- 100% Wireless
- FREE Installation!
- NO Power!
- NO Phones Lines!
- NO Monitoring Fees!

Great Lakes Petroleum gives you peace of mind knowing your tank will never run out of fuel and eliminates unnecessary deliveries!

We are here for you rain or shine, delivering fuel 24/7, 365 days a year!
