

National Night Out

National Night Out is a community building campaign where we strive to enhance the relationships between our neighbors and all emergency responders. This event brings together the community and our police department under positive circumstances. The Town of Garden City and Garden City Police Department provide food, games and prizes for the families who attend the event, as well as backpacks and school supplies to families who are in need. We accept any donations from local businesses that are willing to participate in our community event.
