It would be nice to have like a rec. park , so our young children could have there own ball fields or could have like horse shoe pits. Something like Grand Isle has . Instead of always trying to get more walking paths all the time. I think it's time for something different .

A race or competitive sporting event. Such as the Great Race that used to happen in St. Albans, Franklin is now doing a race around the lake. Can run, bike, kayak, can be solo or teams competing.

Since the majority of lakeshore and open space within the town of South Hero is privately owned, my hope is that the town will work to support a variety of outdoor activities (non-motorized) for families and adults by creating more public access for residents.

group walks, would love this town to have its own park with pickleball, winter group hikes, town picnics, bird walks that can accommodate more people, boat trips for those of us who don't have boats. We could pay for an hour bike trip, Kayak groups, winter indoor activities - learn to crochet. The Land Trust is doing an awesome job on talks.

Please help the town get a non-school play yard. The school play equipment is not user friendly for at home parents who look for day time exercise for our children. Please stop putting in all these trails and focus on the youth besides swim lessons. We need a town park that gives our youth a safe place to play and offers a place for parents to gather besides the over crowded beach and the school.
