Site Plan Application

Application #SA _____ Original SP# _____

Submission Requirements: An application for Sketch Plan Review will consist of one set 11"x17" site plan maps plus a digital file in *.pdf format which includes scale, north arrow, legend, abutters, title block, with supporting data to include items listed on the attached checklist, and as approved in the original Site Plan. The application will not be deemed complete until all required materials have been submitted. Failure to submit a complete application, as defined herein, shall be grounds for denial of the application by the DRB..

Applicant must also submit a list for all abutters, including those across a public or private right of way.

Incomplete applications will be returned and will delay scheduling your hearing.

SECTION 1: OWNER/APPLICANT INFORMATION (complete all)

Owner(s): Jennifer & Joel Desautels

Applicant(s): same as owners

Address: 1333 Bullock Rd

Address: _____

Georgia, VT

Zip Code 05468 Telephone 802-370-4270

Zip Code _____ Telephone _____

Email jenn.desautels@tcevt.com

Description of proposed project: (Please describe here or attach a separate proposal)

The site plan revision is limited to relocating the driveway. The previously approved driveway provides access to Lot 1 from Bullock Rd. The proposed driveway for Lot 1 provides access from Georgia Shore Rd. No other site plan changes are proposed.

The road length of the new driveway location is almost exactly the length of the previously approved driveway. Coordination with both the Fire Chief and Road Foreman have occurred. See attached letters and correspondence.

Names and addresses of abutting property owners:

See attached.

Existing and/or proposed means of access to the site:

Existing Access: Lot 1 (none constructed), Lot 2 (none constructed), Lot 3 (ex. driveway off Bullock Rd.)

Proposed Access: Lot 1 (proposed driveway off Georgia Shore Rd.), Lot 2 (proposed new driveway off Bullock Rd.)

Lot 3 (remains the same, ex. driveway off Bullock Rd.)

List of plans, sketches, or other information submitted with this application:

C2-00.1 Lot 1 Overall Site Plan, C6-03 & C6-04 Driveway Plan & Profile, C1-00 Legend & Notes

C1-00 Legend & Notes

S1-02 Boundary Line Agreement Plat (FOR REFERENCE ONLY) & C2-01 Previously Approved Site Plan (FOR REFERENCE ONLY)

Location of parking and proposed number of spaces:

N/A

Existing and/or proposed road & driveway access to site:

See driveway notes above.

Existing and/or proposed easements and rights-of-way:

No change to previously approved easements and rights-of-way.

Proposed and/or existing wastewater disposal and water supply:

No change to previously approved wastewater or water supply.

Proposed drainage/storm water runoff (if required):

N/A - Erosion control measures will follow State of Vermont Low-Risk Erosion Control Manual as required

No stormwater permitting required.

Proposed landscaping (if applicable):

N/A

Size and location of proposed and/or existing buildings:

No change to prior approvals.

State permits required and/or obtained for this project:

No change requiring state permits.

Proposed lighting (if any):

N/A

Notes

- 1) Narratives which summarize the purpose, scope and key proposed changes to the approved subdivision and/or site plan are encouraged & may be attached.
- 2) Application standards for subdivision approval appear in the Georgia Development Regulations as Article 4. Site Plan Review and Approval standards appear in Article 3.

Site Plan Review Checklist:

This checklist is intended to be used as an aid in developing a complete application for Site Plan Review before the DRB. An application for Site Plan Review will consist of eight (8) sets of site plan maps and supporting data which will include the following information, and such information as indicated in the Concept Plan Recommendation, if applicable. The DRB may require additional information as necessary to determine compliance with the regulations.

1. Address of subject property.
2. Name and address of the owners of record of the subject property
3. Name and address of the owners of record of adjoining lands.
4. Map or survey, drawn to scale, showing existing features, including contours, land use, structures, large trees, roads, easements, rights of way, deed restrictions, name and address of person or firm preparing the map, scale of map, north point, date of map/revisions, and legend.

5. Site Plan, 24" by 36" digital file in PDF format in size and drawn to an appropriate scale, showing proposed land use areas including proposed structures, roads, driveways, traffic circulation, parking and loading spaces, and pedestrian walkways; landscaping plans including site grading, culverts, drainage, landscape design, screening, signs and lighting; name and address of person or firm preparing the map, scale of map, north point, date of map and revisions, legend, and name, address and interest of the applicant in the subject property.
6. The DRB may require that the map or survey and site plan be prepared by a landscape architect, registered land surveyor, registered civil engineer, or registered architect if the proposed project utilizes more than 3,500 square feet, including parking area, or is a complex proposal that could have impacts on surrounding property owners, major roads, or important resources.
7. Construction sequence and timing schedule for completion of each phase for buildings, parking spaces, and landscaped areas of the entire project.
8. Specifications of the materials and plantings to be used.
9. A site location map showing the location of the project in relation to nearby town highways and developed areas at scale of one inch equals one thousand feet.
10. Uses that will generate more than one hundred and fifty (150) vehicle trip-ends per day (estimates shall be based on the most recent rates provided by the Institute of Transportation Engineers) shall include a traffic study conducted by a professional traffic engineer. The study will include details of existing and proposed ingress and egress, expected traffic volumes, turning movements, existing, and resulting levels of service, and proposed traffic control measures. The DRB may require a traffic study for projects generating less than 150 vehicle trip-ends where it finds there is a potential traffic safety issue.
10. A letter from the Georgia Fire Chief indicating any fire and rescue concerns with the proposed project.
11. A lighting plan including the location and height of mountings and/or light poles, fixture type, lamp type, wattage, level of illumination (footcandles). The DRB may require that the lighting plan be developed by a qualified professional. This plan shall show light levels, evenness, and patterns of light distribution, and should also indicate the lamp type, wattage, and lamp loss factors applied.
12. Sign details including dimensions, height, material, and proposed lighting.
13. At the request of the applicant, the DRB may waive any of the above submission requirements, but only where it finds that the size and scope of the application is such that the requirements represent an undue burden on the applicant and are clearly not necessary for the Commission to make findings on the application consistent with the requirements of these Zoning Regulations.
14. All fees according to the Permit Fee Schedule on the website at:

[Fee Schedule](#)

Decisions

The DRB shall act to approve or disapprove Site Plan applications in writing within forty-five (45) days after closure of the public hearing. Failure to act within the 45-day period shall constitute deemed approval on the 46th day. The DRB may recess and continue a hearing pending receipt of requested information, and non-submittal of requested information shall constitute grounds for Site Plan denial. The DRB shall prepare written findings-of-fact and conclusions setting forth background and rationale for their decision. The DRB may attach conditions of approval to ensure the intent of applicable bylaws and the municipal plan are met.

Site Plan decisions shall be distributed per requirements in Title 24, Chapter 117, Section 4464(b)(1)(3), Vermont Statutes Annotated.

(FOR TOWN USE ONLY):
