## **1 Section One: Legislative Findings**

### **1.1.1 The Selectboard of the Town of Georgia finds, determines and declares that:**

- 1.1.1.1 The Town must expand its capital projects in each of six cost centers: Fire and Public Safety, Road Department, General Government and Administration, Library, Parks and Recreation Department, and the Town School District in order to maintain the current services standards for each cost center if new development is to be accommodated without decreasing the current service standards for each cost center. This must be done in order to promote and protect the public health, safety and welfare;
- 1.1.1.2 The imposition of impact fees is one of the preferred methods ensuring that development bears a proportionate share of the cost of capital facilities necessary to accommodate such development. This must be done in order to promote and protect the public health, safety and welfare;
- 1.1.1.3 Each of the types of land development described in Section Seven hereof will create demand for the acquisition of equipment, the expansion of related capital facilities and the construction of capital facilities for each of the cost centers;
- 1.1.1.4 The fees established by Section Seven are derived from, are based upon, and do not exceed the costs of providing the proportionate share of the cost of equipment, the expansion of related facilities and the construction of additional capital projects necessitated by the new land developments for which the fees are levied;
- 1.1.1.5 The report entitled, "Capital Program & Budget 2025-2030", dated January 13, 2025, sets forth a reasonable methodology and analyses for the determination of the impact of new development on the need for and costs of additional equipment and facilities for each of the cost centers in the Town.

ZAO = Zoning Allowable Occupants

\* = Multiply

- 6.2.1 If a Municipal Land Use Permit is requested for mixed uses, then the fee shall be determined through using the applicable schedule by apportioning the space committed to uses specified on the applicable schedule.
- 6.2.2 For applications for an extension of a Municipal Land Use Permit or an extension of a Municipal Land
- 6.2.3 Use Permit, the amount of the fee is the difference between that fee then applicable and any amount already paid pursuant to previous impact fee ordinances and/or decisions.
- 6.2.4 If the type of development activity that a Municipal Land Use Permit is applied for is not specified on the applicable fee schedule, the Town's Administrator shall use the fee applicable to the most nearly comparable type of land use on the fee schedule. If the Town's Administrator determines that there is no comparable type of land use on the applicable fee schedule then the Town's Administrator shall determine the fee by applying the appropriate formula set forth in Section Seven (C) hereof.
- 6.2.5 In the case of change of use, redevelopment, or expansion or modification of an existing use which requires the issuance of a Municipal Land Use Permit, the impact fee shall be based upon the net positive increase of the impact of the new use as compared to the previous use.
- 6.2.6 Upon acceptance of an independent fee calculation study, the following formula shall be used by the Town's Administrator as appropriate to determine the impact fee per use of development:

[Number of Occupants Allowable by Zoning Ordinance per Living Unit] \* [Per Capita Fee]

Or

[Number of Dwelling Units] \* [Fee Per Dwelling Unit] Note: A \* means multiply.

## **7 Section Seven: Payment of Fee**

- 7.1.1 The feepayer shall pay all of the impact fees required by this ordinance to the Town Zoning Administrator prior to the issuance of a Municipal Land Use Permit. No Municipal Land Use Permit will be issued without first receiving proof of payment of any required associated impact fee(s) from the Town Zoning Administrator. Payment shall be in two checks: one payable to the town impact fees and one payable to the School District for school impact fees.
- 7.1.2 All town impact fees collected shall be properly identified as impact fees and promptly transferred for deposit in the appropriate Impact Fee Trust Fund to be accounted for separately for each cost center as determined in Section Nine of this ordinance and used solely for the purposes specified in this ordinance.
- 7.1.3 All impact fees intended for the Town School District will go to the Town School District directly to avoid conflict with 16 V.S.A. §4029(b).

## **8 Section Eight: Impact Fee Trust Funds Established for Town Impact Fees**

- 8.1.1 There is hereby established an Impact Fee Trust Fund for Town Impact Fees.
- 8.1.2 There are hereby established five (5) separate accounts within the Impact Fee Trust Fund, one account for each of the town's cost centers as identified in Section One of this Ordinance.

- 8.1.3 At least once each fiscal year the Town's Administrator and/or Treasurer shall report to the Capital Budget Committee and/or the Selectboard the fund balance for each of the accounts in the Impact Fee Trust Fund, including any accrued interest.
- 8.1.4 Funds withdrawn from these accounts must be used in accordance with the provisions of Section Ten of this Ordinance.
- 8.1.5 Impact fees collected pursuant to this ordinance shall be placed by the Town Treasurer in separate interest-bearing accounts for each type of impact fee established.
- 8.1.6 The Town Treasurer shall maintain a register for each account indicating the date of payment of each fee, the amount paid, and the name of the fee payer.
- 8.1.7 The Town Treasurer shall prepare an annual accounting of all fees paid into and withdrawn from each account, showing the source and amounts collected, and the amounts expended and the projects for which such expenditures were made.

## 9 Section Nine: Use of Funds

- 9.1.1 The Selectboard hereby agrees to ensure proper use of the funds collected pursuant to this ordinance.
- 9.1.2 At least once each fiscal period each of the cost centers, through the Capital Budget Committee and/or the Town's Administrator, shall present to the Selectboard proposed capital improvements for the cost center, assigning funds, including any accrued interest, from the appropriate account within the Impact Fee Trust Fund for specific capital improvement projects. Monies, including any accrued interest, not assigned in any fiscal period shall be retained in the appropriate account in the Impact Fee Trust Fund until the next fiscal period except as provided by the refund provisions of this ordinance.
- 9.1.3 Impact fees collected for each of the cost centers shall be used solely for the purpose of acquiring and/or making capital improvements to capital projects owned and/or controlled by the Town.
- 9.1.4 Funds shall be used exclusively for acquisitions, expansions, or capital improvements as defined in Section Five for each of the respective cost centers, identified in Section One, for which the funds were collected. Funds shall be expended in the order in which they are collected.
- 9.1.5 In the event that bonds or similar debt instruments are or have been issued for advanced provision of capital facilities or equipment for which impact fees may be expended, impact fees may be used to pay debt service on such bonds or similar debt instruments to the extent that the facilities provided are of the type described in paragraphs C and D above.
- 9.1.6 Funds may be used to provide refunds as described in Section Eleven.

## 10 Section Ten: Refund of Fees Paid

- 10.1.1 If a Municipal Land Use Permit expires without commencement of construction, then the feepayer shall be entitled to a refund without interest, of the impact fee paid as a condition for its issuance. Any accrued interest will be retained by the Town to offset administrative costs. The feepayer must apply for such a refund with a receipt for payment of impact fees to the Town Administrator and Treasurer of the Town within thirty (30) days of the expiration of the permit. A feepayer who receives a refund under this provision shall not commence construction of the land development for which the refund was made without having again paying the required impact fee and obtaining a new Municipal Land Use Permit.

- 10.1.2 If the Town does not expend an impact fee within six (6) years of the date it is paid then the owner of the property at the expiration of the six-year (6) period for which the fee was paid may receive a refund of the fee with any interest that has accrued and minus any associated administrative costs, provided that such application is made to the Treasurer of the Town within one (1) year of the expiration of the six year period.
- 10.1.3 A refund shall be granted under Section (A) or Section (B) above upon written request. The original receipt issued by the Town for the fees paid shall be presumptive proof of entitlement to the refund under the above provisions.

The Town's Administrator shall provide the applicant with a letter or certificate setting forth the dollar amount of the credit, reasons for the credit, and the legal description or other adequate description of the equipment or facilities. The applicant must sign and date a duplicate copy of such letter or certificate indicating his/her agreement to the terms of the letter or certificate and return such signed document to the Town's Administrator before credit will be given. The security shall be reviewed and approved by the Selectboard prior to acceptance of the security by the Clerk. If the capital project is not to be completed within the year of the date of the feepayer's offer, the Selectboard must approve the capital project and its scheduled completion date prior to the acceptance of the offer by the Town's Administrator.
- 11.2.2 Any claim for credit must be made no later than the time of application for a Municipal Land Use Permit. Any claims not so made shall be deemed waived.
