3. Resources

Use municipal resources, mutual aid agreements, and local purchases first to get resources for response as needed and available.

Who is authorized to make emergency purchases and what are their spending limits. Please note the town is responsible for ensuring individuals listed in this plan are aware of and following these limits.

Selectboard Chair, Fire Chief, Town Administrator.
The town has no emergency spending limits policy in place.

Please use the following sections to note resources you may need during a disaster, and how you would access them. Resources to consider include, but are not limited to, fuel for town vehicles, food, office supplies, plow trucks, dump trucks, generators, excavators, wood chippers, all-terrain vehicles, and signage.

State support that is usually at no cost to the municipality:

- Vermont Hazardous Material (HAZMAT) Response Team (VHMRT)
- Vermont Urban Search and Rescue (USAR, VT-TF1)
- Vermont State Police Special Teams
- Swiftwater rescue teams (both local and VT-TF1)
- Regional shelter support
- Subject matter expertise from state government agency or federal response agency

State support and resources the municipality will normally eventually have to pay for:

- Supplies and equipment
- VTrans equipment and personnel
- Vermont National Guard support

The state emergency operations center (SEOC, 800-347-0488) will help coordinate any state support teams or other external resources that local responders may need.

4. Public Information and Warning

During a significant emergency, the emergency operations center (EOC) and incident command posts (ICPs) will coordinate and manage public information, both by producing accurate, timely reports and by tracking what is publicly reported to minimize confusion and help ensure a positive public response.

Vermont Emergency Management (1-800-347-0488) can send VT-Alert messages on behalf of your community if you are unable to send them on your own.

Many communities have individuals who need translation services, are deaf or hard of hearing, or blind or visually impaired. Municipalities may use, at their own expense, statewide translation contracts on the [Buildings and General Services website](#) to meet these needs.

Please consider what those needs may be, and how those needs can be met.

Vermont 2-1-1 is a United Ways of Vermont system that provides 24x7x365 information and referral services in cooperation with many state and local government and community-based entities. 2-1-1 collects and maintains a database of local resource information and is available to take calls from the general public to inform and instruct them in relation to emergency events, and to refer them to the appropriate response and recovery resource, if necessary. Dial 211 or (802) 652-4636.

5. Organizations and communities requiring additional coordination

This is the list of organizations that need extra communication and coordination from the local emergency operations center before, during, and after an emergency. This list should include all organizations the town needs to have enhanced communication with, including schools, daycares, nursing homes, organizations serving speakers of languages other than English, organizations serving New Americans, organizations serving unhoused individuals, mobile home parks, dams, facilities in hazardous areas, and communities that may need additional coordination. Individuals that need extra communication and coordination can be accessed through [Citizen Assistance Registration for Emergencies \(CARE\)](#). If necessary, the EOC may contact organizations and facilities, listed below, that serve populations that may be at risk based on the emergency. If there are residents at risk or in danger, the EOC should monitor their status and if required coordinate support for them until their situation stabilizes. Please ensure these contacts have updated EMD contact information.

6. Shelters

During some emergencies, the EOC will monitor or coordinate support for individuals who are displaced. When multiple locations are available, shelters should be selected based on how individuals can access that location during a variety of disasters, how food and other resources can be provided at that location, and which services (food, generator, etc.) are available on site or within close proximity.

Spontaneous sheltering

Determine the approximate number of people who need sheltering.
 Call the state EOC or VEM watch officer at 800-347-0488 and request support. This support may be in the form of a regional shelter.
 Track the status of residents who need shelter until their situation stabilizes.

NIMS Adoption Document for
Town of Georgia

DESIGNATION OF THE NATIONAL INCIDENT MANAGEMENT SYSTEM (NIMS) AS
THE BASIS FOR ALL INCIDENT MANAGEMENT IN THE TOWN OF GEORGIA

WHEREAS, the President in Homeland Security Directive (HSPD)-5, directed the Secretary of the Department of Homeland Security to develop and administer a National Incident Management System (NIMS), which would provide a consistent nationwide approach for Federal, State, local, and tribal governments to work together more effectively and efficiently to prevent, prepare for, respond to and recover from domestic incidents, regardless of cause, size or complexity;

WHEREAS, the collective input and guidance from all Federal, State, local, and tribal homeland security partners has been, and will continue to be, vital to the development, effective implementation and utilization of a comprehensive NIMS;

WHEREAS, it is necessary and desirable that all Federal, State, local and tribal emergency agencies and personnel coordinate their efforts to effectively and efficiently provide the highest levels of incident management;

WHEREAS, to facilitate the most efficient and effective incident management it is critical that Federal, State, local, and tribal organizations utilize standardized terminology, standardized organizational structures, interoperable communications, consolidated action plans, unified command structures, uniform personnel qualification standards, uniform standards for planning, training, and exercising, comprehensive resource management, and designated incident facilities during emergencies or disasters;

WHEREAS, the NIMS standardized procedures for managing personnel, communications, facilities and resources will improve the Town of Georgia's ability to utilize federal funding to enhance local and state agency readiness, maintain first responder safety, and streamline incident management processes.

WHEREAS, the Incident Command System components of NIMS are already an integral part of various incident management activities throughout the State, including current emergency management training programs; and

WHEREAS, the National Commission on Terrorist Attacks (9-11 Commission) recommended adoption of a standardized Incident Command System;

NOW, THEREFORE, I, The Selectboard of The Town of Georgia, by the virtue of the authority vested in me by the Constitution and Laws of the Town of Georgia Selectboard, do hereby establish the National Incident Management System (NIMS) as the Town of Georgia's standard for incident management.

GIVEN under my hand and the Privy Seal of The Town of Georgia this 13 day of June in the year Two Thousand and ~~Nine~~ Eleven,

BY Town of Georgia Selectboard
