All Building permits, Certificates, DRB Decisions, RBES, HUD, VTrans, and VT Wastewater documents require recording fees in addition to permit fees. Certificate of Occupancy required to close out any building permit per 24 V.S.A. § 4449
 Certificate of Occupancy and Impact Fees are paid for at the time of permit being issued.

¹ Unless located in a Flood Hazard Zone District. See Town of Georgia Development Regulation (05.02.22)

² Unless located in a Flood Hazard Zone District. See Town of Georgia Development Regulation (05.02.22) Fences do not require setbacks, except that no fence shall be constructed in a Town or State highway right-of-way without the property-owner first obtaining a right-of-way permit from the Georgia Selectboard (see 19 V.S.A. Section 1111) or Vermont Agency of Transportation, respectively.

³ (barns, sheds, silos, sugarhouses, and similar structures directly utilized in the operation of a farm "Farm" is defined by VT Agency of Agriculture, Food & Markets (VAAF) See definitions at agriculture.vermont.gov. Prior to construction of farm structures, the farmer must notify the Zoning Administrator and the Town Clerk of the town in which the farm structure is proposed, in writing, of the proposed structure activity. The notification must contain a sketch of the proposed structure including the setback distances from adjoining property lines, road rights-of-way, and adjacent surface water. Note: You are not required to notify VAAF of construction of a farm structure if it is approved by the town. However, if your farm structure cannot conform to the town or state setbacks, you can apply to VAAF for approval alternative reasonable setbacks for that structure. Fill out the Farm Structure Variance Form to apply for a variance.

Independent Engineering Consultation/Reviews/Inspection Services are paid by the applicant if required by the Planning Commission, Development Review Board, or Selectboard as part of the permit approval or acceptance of utilities, facilities, improvements.
