Existing house and outbuildings on Lot 1

Proposed house on Lot 2

State permits required and/or obtained for this project:

Wastewater

Please Note: *sketch plan review does not constitute approval of a proposed subdivision plat. Following the public meeting, Applicant will receive a letter classifying the project as a Major or Minor subdivision, with guidance regarding next steps for their application.*

For the purpose of classification and initial discussion, subdivision applicants, prior to submitting applicable Preliminary or Final Plat applications, shall submit Sketch Plan information as outlined below. Applications shall be submitted at least 15 days prior to a regularly scheduled meeting of the Development Review Board (DRB) and no meeting shall be scheduled until all application materials are received. Applicants will be notified in writing if application materials are missing following submission. Sketch Plan meetings shall be noticed to adjacent property owners and posted at the Georgia Municipal Building. Sketch plans shall not be publicly warned in the Town's newspaper of general circulation, as they do not constitute Public Hearings. (Section 4.3 (C)(1), Town of Georgia Development Regulations 05.02.22).

A Sketch Plan meeting with the DRB is required for all subdivisions (Major or Minor). Following Sketch Plan review, the DRB, will send a letter to all applicants summarizing feedback provided at the Sketch Plan meeting.

Sketch Plan review is intended to be an informal meeting. Surveyed and/or engineered drawings are not expected. Instead, the intention is for the Applicant to provide scaled and accurate drawings indicating proposed subdivision layout and related improvements. The DRB can then provide verbal and subsequent written feedback about applicable regulations prior to the Applicant incurring investment in survey and engineering work. Sketch Plan review does not constitute approval of a subdivision plat and is merely authorization for the Applicant to file a preliminary plat or final plat application.

APPLICATION SUBMITTAL REQUIREMENTS:

- 1) Completed Sketch Plan application form.
- 2) Sketch Plan application fee. Fee schedule is on the website at townofgeorgia.com.
- 3) A List for all adjacent property owners and current addresses, including all properties abutting the property proposed for subdivision and those properties across a street, highway, or other right-of-way
- 4) The Sketch Plan application shall consist of one or more maps or drawings which may be printed or reproduced on paper with all dimensions shown in feet or decimals of a foot, drawn to a scale of not more than one hundred (100) feet per inch, showing or accompanied by the following information:
 - a) Proposed subdivision name or identifying title and the name of the town.
 - b) Name and address of the record owner and applicant (if different).
 - c) Boundaries and area of proposed subdivision.
 - d) Size of lots and number of proposed lots.
 - e) Existing and proposed layout of property lines, type, and location of existing and proposed restrictions on land, such as easement and covenants, buildings, existing septic systems, well, water courses and other essential existing physical features, including mapped wetlands and flood plains.
 - f) Type, location, and approximate size of existing and proposed streets, utilities, and open space, if applicable.
 - g) Date, true north arrow, and scale (numerical and graphic).
 - h) Location map showing relation of proposed subdivision to adjacent property and surrounding area. Page 4 of 4
 - i) Deed reference and parcel tax identification number.
 - j) Zoning district(s) designation of the area to be subdivided and any zoning district boundaries affecting the subject parcel.

Please submit 11"x17" of sketch plans and a digital file of plans.

The subdivider, or a duly authorized representative, shall attend the meeting of the DRB on the sketch plan to discuss the requirements of these regulations for streets, improvements, drainage, sewage, water supply, fire protection, and similar aspects, as well as the availability of existing services and facilities and other pertinent information.

The DRB shall study the sketch plan to determine whether or not it conforms to, or would be in conflict with, the town plan, zoning regulations, and any other by-laws then in effect, and shall, where it deems necessary, make specific recommendations for changes

in subsequent submissions, which recommendations shall be provided in writing to the Applicant/Owner.

Approval of a sketch plan shall not constitute approval of a subdivision plat and is merely authorization for the Applicant to file a preliminary or final plat application.
