144 **8. TOWN ADMINISTRATOR, TREASURER AND SELECTBOARD SUB COMMITTEES**
145 **REPORTS**

146 A. Public Works

- 147 • T. Cadieux gave an update to Public Works and highway department.
148 • The Georgia Shore Bridge #8, located at Georgia Shore and Mill River roads, continues
149 to experience concrete issues. The bridge is tired and falling apart, below the rebar in
150 some spots. This bridge last had major work done in 1954, and a few years ago was
151 closed for two weeks for minor repairs costing the Town \$40,000.
152 • T. Cadieux reached out to Tyler Billingsly, the engineer for the High Bridge and Mill
153 River bridges work to discuss temporary and long-term repairs.
154 • Vice Chair Dunsmore asked if a temporary fix is available until the bridge can go under
155 major repairs in 2027. The road crew patch and repair the bridge after every plow as a
156 temporary fix.
157 • T. Cadieux recommended the Town hire a company to do a temporary fix until the
158 bridge can undergo major repairs, as the highway department will be busy in
159 spring/summer working on the Mill River bridge.
160 • If the funds are available after Bridge #28 work is completed, Bridge #8 can be
161 repaired. If the Town moves forward, the bridge will be closed approximately two
162 months, after the 4th of July holiday. S. Katon will reach out to the public to let the
163 residents know the bridge will be closed.
164 • Heaters were installed in the Town garage; there are two in the main work area and
165 once turned on had heated up the space in 5 minutes before shutting down. This will
166 save on the boilers running for hours to catch up with heat. The only downside is snow
167 coming off the roof may slide to the vent pipes, roof guards will be installed for
168 approximately \$1,500-\$2,000.
169 • This year has been a high salt and sand usage for the Town, given the weather.
170 • T. Cadieux inquired on the Winter Road Maintenance Policy and parking regulations.
171 He is seeing vehicles or construction trailers left in the roads causing difficulties for the
172 road crew to plow the roads. Given the language of the policy, is he able to call and
173 have a vehicle removed.
174 • The Selectboard instructed him to reach out to the property owner first, then the vehicle
175 can be towed. It is ultimately the responsibility of the homeowner to have any vehicles
176 or contracted vehicles removed. The Selectboard gave their permission for the Public
177 Works Director to notify the property owner to move the vehicle before having it
178 towed.

- 179 • S. Katon will have this information added to the website for public notice. Per policy,
180 vehicle removed at owner's expense.

181
182 B. Treasurer

- 183 • L. Hobart discussed Town Meeting Day warning, taxes and the change in the US Post
184 Office postmarks.

185
186 C. Town Administrator--Will Bring the TA Report to the Meeting

- 187 • TA report copies were given to the Selectboard.
188 • Regarding the Library MOU, an updated draft with Trustee and Selectboard notes was
189 shared with Department Heads and Library Trustees. Department heads have submitted
190 their feedback, and the Trustees will discuss at the next regular meeting on January 21st.
191 • S. Katon has met with the Planning Commission to update Town policies and
192 ordinances. Drafts of selected items have been reviewed and will be shared with the
193 Board at the next regular Selectboard meeting on January 26th.

194
195 **9. UNFINISHED BUSINESS**

196 A. Local Option Tax

- 197 • K. Bosenberg looked at retail sales for the Town of Georgia over the last four years.
198 With a 6% tax rate and 1% options tax, Georgia's portion in 2024 would have yielded
199 \$69,000. Because Georgia does not have its own zip code, it would not be easy to
200 manage the local options tax. Chair Senna instructed this be removed from unfinished
201 business.

202 B. Change in Fiscal Year

- 203 • Chair Senna also instructed this be removed from unfinished business as the
204 Selectboard will host an informational meeting for the public.
205 • L. Hobart has reached out to the larger mortgage companies on how the change to a
206 fiscal year will affect escrows, who said they can adjust the numbers accordingly. This
207 will also not affect VA and Homestead. Again, this will only affect the Town portion of
208 the taxes, not the school.
209 • The timeframe for the future informational meeting is in the works. S. Katon will work
210 with Town Clerk C. Letourneau for a date.

211 C. Video Surveillance Policy

- 212 • Vice Chair Dunsmore continues to work on this policy.

213 D. Bridge #28 (Mill River Bridge)

- 214 • No updates.

215 E. GPL Building Revitalization Committee Updates

- 216 • No updates.

217 F. Problem Parcel

- 218 • This has been resolved by the Town attorney and can be removed from unfinished
219 business.

220 G. Library MOU

- 221 • S. Katon gave an update in her TA report, GPL will give updates after the next Trustee
222 meeting.
