PRACTICAL MAIL MANAGEMENT SYSTEM FOR SMALL BUSINESSES

Compact. Cost-Effective. Effortless.

iX-3 Series

The iX-3 Series offers small offices the most pragmatic choice for delivering effortless mailing and shipping operations. Don't let the compact design fool you — the iX-3 is extremely powerful. This system meets the latest USPS® Intelligent Mail Indicia (IMI) and Dimensional Weighing (DIM) requirements.

When powered by S.M.A.R.T.® software, the iX-3 transforms into your powerful partner, creating a consolidated and organized epicenter that streamlines workflows. S.M.A.R.T. combines essential operations into a powerful, user-friendly, all-in-one solution.

UNITED STATES POSTAL SERVICE ®
Approved IMI Postage Solution

EXPERIENCE
A rich history of world-class leadership

PROVEN RESULTS
96% customer satisfaction rate

EXPERTISE
8 billion personalized experiences annually

BACKED BY THE EXPERTS

Revolutionize Mail Management with S.M.A.R.T.

S.M.A.R.T. provides the ultimate Shipping, Mailing, Accounting, Reporting and Tracking experience – all from a single dashboard! This solution combines leading edge technologies to improve customer interactions and business processes. A consistent look and feel across each element provides familiarity to users, making navigation simple and intuitive. S.M.A.R.T. fuels stronger business communications with your internal and external customers by providing detailed shipping and tracking notifications, chargeback accounting with postage meter reconciliation, and extensive reporting options to name a few.

Moistener

S.M.A.R.T. Keyboard
and Integrated Mouse

SHIPPING

This best-in-class powerhouse shipping application allows you to process parcels using USPS, UPS®, FedEx® and DHL®. S.M.A.R.T. is fully IM®pb compliant, and offers commercial base pricing discounts, address corrections, free insurance on Priority Mail™ and Priority Mail Express™ and more.

With S.M.A.R.T. you can:

- Externally prepare shipments with traveler documents from any desktop, leaving the mail room full control of carriers and rates with **Desktop RTS** (Request to Send). **Desktop RTS** increases efficiency in the mail room by decreasing the number of work steps it takes to process a shipment.

- Establish potential cost saving opportunities, decrease the number of work steps to process items, and better organize shipments when using **multi-package shipments**.

- Increase efficiency, minimize errors associated with manual entry, and decrease key strokes when using **Simple Integration**. S.M.A.R.T. extracts shipment details from a remote file using a unique ID, and auto populates recipient details within the shipping application, reducing processing efforts.

- View rates and services across all carriers from one screen. S.M.A.R.T. will automatically **rate shop** to identify the lowest cost or fastest delivery method of processing parcels, saving time and money.

- Assign carrier selection and printing permissions to users outside of the mail room with **Desktop Print**. Desktop printing provides flexibility within an organization while decreasing mail room workload.

MAILING

Take full control of your iX-3 and create an unparalleled user experience. S.M.A.R.T. takes all the features from a traditional mailing system control panel and applies them to an all-in-one interactive PC.

- Print discounted postage and seal envelopes at **up to 45 letters per minute**.

- Large descriptive buttons and prompts make navigation a breeze.

- The **Rate Wizard** simplifies the process of selecting the correct postal rate and class. With clear step-by-step instructions, the selection process has never been easier.

- Increase mail-processing throughput and save time with **Scan and Drop**. Continuously run mail without interruption while charging back postage expenses to accounts or departments.

ACCOUNTING

S.M.A.R.T. provides up to five levels of accounting for total postage reconciliation. This level of granularity supports even the most demanding business requirements.

- Postal account reporting tracks spending down to 1/10 of a cent, providing the tools you need to stay on top of expenses.

- **Chargeback accounting** lets you bill vendors, customers or departments for mailing/shipping costs and allows you to recoup postage dollars that would otherwise slip through the cracks.

- Supports: **Budgets, handling charges** and **surcharges**, as well as an **unlimited** number of **accounts** or **departments**.

REPORTING

Easily produce informative reports and color graphs that give you the details you need.

- Generate postage expense reports by: mail class, weight break, presort, ascending and descending register values, account/department, operator, cost center, pre-defined or custom time periods – and more!

- Set it and forget it – S.M.A.R.T.'s **report scheduler** automatically runs and emails reports to a designated recipient or group based upon user-defined parameters

TRACKING

Always know when and where your items are with S.M.A.R.T. Tracking.

- Ensure delivery of every parcel and retain tracking history for up to **13 months**.

- Keep your customers informed by providing delivery **email alerts** each step of the way.

- Obtain **consolidated views** of your mail room's activities to better manage mailing and shipping operations.

Leading Edge Technology. Simple Navigation. Fueling stronger business communications with your internal and external customers. The iX-Series with S.M.A.R.T. will revolutionize your mail room operations.

Ink Supply Management
Simplified

Your postage meter is smarter than you think. It can even order ink cartridges for you at exactly the right time. As a result, there's no need to:

- Closely monitor the ink level in your mailing system

- Ensure orders are placed early enough to avoid running out of ink and disrupting your mail flow

- Take time out of your schedule to call or go online to order ink

- Communicate with company purchasing staff to request an ink order

It's actually as simple as it sounds. Just leave your meter connected to your local area network. When the ink level reaches 20%, your meter alerts Quadient that you'll need a replacement cartridge soon. Quadient will promptly ship you a new ink cartridge so that it arrives before your system runs out of ink.

You'll also get notification emails when each ink order is created and when each replacement cartridge ships.

Best of all, your ink orders are charged to your Postage Funding account, so you'll get a single bill for both the postage you download and the ink cartridges you buy.

There's no fees of any kind, and you can opt out whenever you want.
