D. Covenants and Certifications

The authorized representative for the project(s) will be asked to certify that the applicant will abide by the following covenants and certifications, which will be incorporated into the CWSRF/SWQIF loan agreement(s). Please read all of them carefully and contact your EGLE project manager if you have any questions. The Authorized Representative must sign page 9 after reviewing the covenants and assurances.

1. The applicant has the legal, managerial, institutional, and financial capability to build, operate, and maintain the project.
2. The applicant certifies that no undisclosed fact or event, or pending litigation, will materially or adversely affect the project, the prospects for its completion, or the applicant's ability to make timely repayments to the Michigan Water Pollution Control Revolving Loan Fund.
3. The applicant agrees that the rates and charges for the services of the project will be established, levied, or collected in an amount sufficient to pay the expenses of administration, operation, and maintenance of the project and to pay the principal and interest requirements on all bonds payable from revenues of the project.
4. The applicant agrees to provide all moneys in excess of bond proceeds necessary to complete the project and to maintain adequate revenues from a user-based source to fund the operation of the project.
5. To the extent permitted by law, the applicant shall take all actions within its control and shall not fail to take any action as may be necessary to maintain the exclusion of interest on its bond from gross income for federal income tax purposes, including but not limited to, actions relating to the rebate of arbitrage earnings and the expenditure and investment of bond proceeds and moneys deemed to be bond proceeds.

6. The applicant will take no action which would cause its bonds to be classified as private activity bonds. The applicant will make no use of bond proceeds which would make its bonds federally guaranteed.
7. The applicant agrees to maintain complete books, records, and project accounts relating to the construction, operation, and financial affairs of the project in accordance with generally accepted accounting principles (GAAP), generally accepted government auditing standards (GAGAS), and standards relating to the reporting of infrastructure assets.
8. The applicant will have an audit of its entire operations prepared by a recognized independent certified public accountant for each year in which the applicant receives \$1,000,000 or more in federal assistance. The audit shall be prepared in conformance with the requirements of 2 CFR 200 (Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards) and Office of Management and Budget Circular No. A-133. The applicant will mail a copy of such audit to the Local Audit and Finance Division of the Michigan Department of Treasury and to the Michigan Finance Authority (hereafter referred to as the "Authority"). The applicant will receive notification of federal funds along with any special instructions, directly from the Authority.

11. The applicant will notify the Michigan Department of Environment, Great Lakes, and Energy (hereafter referred to as "EGLE") and the Authority within 30 days of the occurrence of any event which, in the judgment of the applicant, will cause a material change in the financial condition of the project, or, if the applicant has knowledge, of the wastewater transport and treatment system of which the project is a part. Such events include the receipt of funding from another state or federal program for project costs financed by the Michigan Water Pollution Control Revolving Loan Fund.
12. The applicant agrees to provide any necessary written authorizations to EGLE, United States Environmental Protection Act (USEPA) and the Authority for the purpose of examining the physical plant or for examining, reviewing, or auditing the operational or financial records of the project. The applicant also agrees to require similar authorizations from all contractors, consultants, or agents with which the applicant negotiates an agreement.
13. The applicant agrees that all pertinent records shall be retained and available to EGLE, USEPA and the Authority for a minimum of three years after the actual initiation of operation of the project and that if litigation, a claim, an appeal, or an audit is begun before the end of the three-year
