Agenda Item Title:

Gladstone Bay Campground Feedback Discussion

Background:

The reservation policy at the campground was changed at the beginning of this season in order to streamline the campground reservation and payments process for the administration. The new policy has been reviewed and approved by both the Recreation Advisory Board and the City Commission. At the August meeting, a group of campground residents spoke during public comment regarding the impact of the new policy on them.

Fiscal Effect:

NA

Supporting Documentation:

Campground Policies & Procedures
Campground Rate Changes by Year

Recommendation:

The policy has been approved for all reservations made this season. The campground rates are created with daily, weekly, and monthly reservations in mind, a seasonal policy would be a better way to address these concerns.
