Dear Members of the City Commission,

I am writing to formally request that the City of Gladstone establish an Industrial Facilities Tax (IFT) District for the property located at 103 N 12th St, currently known as the DelFab building.

AMI intends to install 2 new manufacturing processes, which will expand our product offerings and will supplement our current business. Additionally, many of AMI's most recent customers are in the upper Midwest region. Gladstone/Esanaba area has a much larger population base to attract employees than some of our current facility locations.

I appreciate your time and consideration of this request. Please let me know if additional documentation or information is required for this process. I look forward to working with the Commission to facilitate this designation and ensure its success.

Best Regards,
