

Request for Appeal

[Excerpt from Email Dated 06/28/2023]

Subject: Re: 2nd Notice of Orders on Condemned Property | 11 S 9th St

To all,

I will fill out the appeal but last time it went to Eric / Renee before an official appeal was filed - again when can this be set up or does the city wish to bypass that step? As you know the process will be to appeal to the board - that will not happen (I assume) before the 4th of July. Can I expect the fines to continue to pile up in an attempt to bully me while I wait for the appeal process? Last time there was an appeal process cooler heads within the City prevailed and fines did not continue to pile up - bringing up as an example of past practice.
