City of Gladstone Electric Department
Attn: Mr. Mike Kennedy

Dear Mr. Kennedy,

Thank you for the opportunity to provide you with line clearing estimates.

Our company is strictly a line clearance company which has been in business since 1993. We currently have contracts with and crews working for Alger Delta Electric, UPPCO, and Marquette Board of Light and Power, as well as others.

Our bid will include trimming and removals to meet your specified easement, along with chipping and hauling away the brush. Wood will be left onsite unless otherwise specified. The bid includes all equipment, including off road equipment and mulchers, supervision, and labor to complete the work.

It is our understanding that all customers will be notified by the electric department prior to the work starting.

If you need any additional information, please feel free to contact me at any time.

Sincerely,

Ron Sanville
Operations Manager
