

## Proposed Letter of Support

The City Commission of Gladstone has received a request to review the Section 18 Demo/ Disposition for the Gladstone Housing Commission's 50-unit Fairview Manor building, located at 415 South 4<sup>th</sup> Street, Gladstone, MI 49837.

The Housing Commission has supplied the City Commission with the Physical Needs Assessment prepared by Architects Group Limited and the structural report prepared by U.P. Engineers & Architects, along with other documents.

After meeting with the Housing Commission Board and reviewing these documents. We feel it is best to allow the appointed Gladstone Housing Commission board to make the determination on the Section 18 Demo/ Disposition of the property. We would support the decision made by the Housing Commission board members.

Sincerely,
