
Final FY27 DWSRF Intended Use Plan Available

From Yu, Angela (EGLE) <YuA@michigan.gov>

Date Wed 10/07/2026 3:06 PM

Good afternoon,

The **FINAL** Drinking Water State Revolving Fund (DWSRF) Fiscal Year (FY) 2027 Intended Use Plan (IUP) is now available on the [DWSRF website](#). Like the draft IUP, the final IUP highlights the project rankings for both the Traditional and Lead Service Line Replacement (LSLR) Only Project Priority Lists (PPL), interest rates, and principal forgiveness and additional subsidization amounts. It also includes a list of all equivalency projects (marked in blue on the Traditional list and all LSLR Only projects).

Key items of note:

- For the **Traditional DWSRF List**, overburdened applicants will be awarded 20% principal forgiveness and significantly overburdened applicants will be awarded 25% principal forgiveness.
- For the **LSLR Only List**, overburdened and significantly overburdened applicants will be awarded 100% principal forgiveness. Applicants that are not overburdened will be awarded up to 10% grant or principal forgiveness. Interest rate for **all** LSLR Only projects will be 0.00% (interest rates are on page 18 of the IUP).
- **Projects that decline financing in FY 2027 forfeit the ability to be placed on the FY 2028 PPL.**

If your project is in the fundable range, I will be reaching out separately to you with next steps.

Projects that are not in the fundable range have the option to be listed on the FY 2028 DWSRF Project Priority List. Note that project planning documents may be carried over for up to five fiscal years.

To carry-over a project to FY 2028, please submit an Intent to Apply (ITA) form by November 1, 2026. The ITA form can be accessed via this link: [Michigan's State Revolving Funds – Fiscal Year 2028 Intent to Apply Form](#). You can also access the form on the [SRF website](#), under the How to Apply section. The first question on the form will ask if you are submitting an ITA for a carry-over project. Select “Yes” and enter in the assigned DWSRF project number, which can be found on the PPL. A copy of your responses will be sent to you after the form is submitted. If you do not receive a copy of the ITA form, let me know.

Let me know if you have any questions.

Thanks,

Angela Yu
