Reason for Applying

I am actively seeking opportunities to connect with and serve the community here in Glen Rose. I have a passion for business as well as helping the local economy. I believe that, through my experience and skills, I can provide value and ideas that will help advance the Convention and Visitors Bureau.

Educational Background

I graduated from the University of North Texas in 1993 with a bachelor's degree in Journalism/Advertising. I completed a postgraduate certification in artificial intelligence from the McCombs School of Business at the University of Texas in 2023.

Occupational Background

In 1993, while finishing my college degree, I began working at The Ward Group, an advertising agency founded by my mother in 1985. She and I became business partners in the agency around 2005. In 2025, my wife and I took over full ownership of the agency.

Relevant Experience

Over the course of my career, I've worked with a wide variety of different brands and organizations across many business sectors, including travel & tourism, destinations & attractions, and state and local government entities. Some of those were municipalities and CVBs. Previously, I've served on and/or led boards for various business organizations and nonprofits.

Community Involvement

We just bought our home in Somervell County in April of this year and moved full-time from Frisco in May. However, we began attending high school sporting events and exploring the community last fall, after making the decision to relocate to Glen Rose. Last fall, we also connected with StoneWater Church - Glen Rose, where we are active members. I'm also currently serving on the board for the local Chamber of Commerce. My family and I love Glen Rose and seek to be contributing members of the community, which is, in part, the reason I'm applying here.
