

To Whom It May Concern:

I am formally requesting that the City of Glen Rose conduct a traffic, speed, and pedestrian safety study along NE Barnard Street, beginning near 502 NE Barnard Street and extending through 1007 NE Barnard Street.

This portion of NE Barnard Street provides access to the area surrounding Glen Rose Junior High School, located at 805 College Street. It is regularly used by students, parents, school traffic, pedestrians, and bicyclists before and after school. I am concerned about vehicle speeds and the safety of children traveling along or crossing this roadway.

I respectfully request that the City evaluate this section of NE Barnard Street for the following safety measures:

- Designation as a reduced-speed school zone during school arrival and dismissal;
- Installation of school-zone signs and flashing warning beacons;
- Marked pedestrian crosswalks near College Street and any other appropriate locations;
- Improvements to sidewalks, shoulders, visibility, lighting, and traffic controls; and
- Increased speed enforcement during school arrival and dismissal.

Please confirm whether this portion of NE Barnard Street is maintained by the City and advise me of the procedure for requesting an engineering and traffic study. I also respectfully request that this matter be forwarded to the appropriate City officials and staff and placed on a future City Council agenda for discussion and possible action.

Thank you for your time and consideration and for helping protect the students, families, and residents who travel along NE Barnard Street.

Sincerely,

Kayla Peacock
