SUMMARY:	<p>I am requesting approval for the purchase of a Skid Steer equipped with a 30" cold planer and an 84" angle broom. This is a very versatile piece of equipment that can be utilized for many different types of jobs. Specifically, the Streets Department will be using this for milling small-to-medium size areas of asphalt or concrete streets that are failing. This equipment will enable a much more effective repair, while being more efficient than the current method being used.</p> <p>The bid was secured through Sourcewell.
