PREPARED BY:	City Administrator Leamons	DATE SUBMITTED:	06/30/2021
EXHIBITS:	Sanitary Control Ordinance for Well #4		
BUDGETARY IMPACT:	Required Expenditure:		\$00.00
	Amount Budgeted:		\$00.00
	Appropriation Required:		\$00.00
CITY ADMINISTRATOR APPROVAL:			
SUMMARY:	<p>As you will recall, this matter was tabled at the May 11th Council Meeting and discussed again in the June 8th Council Meeting. David Yager with TCEQ who has been handling our Well #4 permit to see if the ordinance would meet with TCEQ's approval. He indicated that he believed our ordinance would satisfy their requirements. The ordinance was drafted based on some guidance from TML legal staff and was reviewed and approved by City Attorney Pendleton. The primary intent is to satisfy TCEQ so the city may continue operating its well. The city has been given until August 18th to satisfy TCEQ's requirement that some form of acceptable sanitary control measure be taken, whether an easement, an ordinance, or a variance, so that the well can continue to be used.</p> <p>Although the there has been a resolution regarding easement from the County, we have been unable to obtain the easement from the Freas Family. Staff has been in contact with the family and believed that this was going to be completed during a recent Freas Family visit to Glen Rose. Unfortunately, the Freas family and staff were not able to connect during this time frame.</p>		
RECOMMENDED ACTION:			
	Move to adopt the ordinance as presented.
