

Glen Rose Light Pollution 2020 - 2021

Valero Station Hwy 67

Owner installed very bright LED flat panel lights pointed towards 67 at a 45 degree angle which contribute to sky glow, are not dark sky compliant and have a very blue instead instead of a dark sky friendly warm white 2700 degree color temperature. The light brightness on the ground far exceeds the maximum allowed level and creates dangerous glare to drivers.

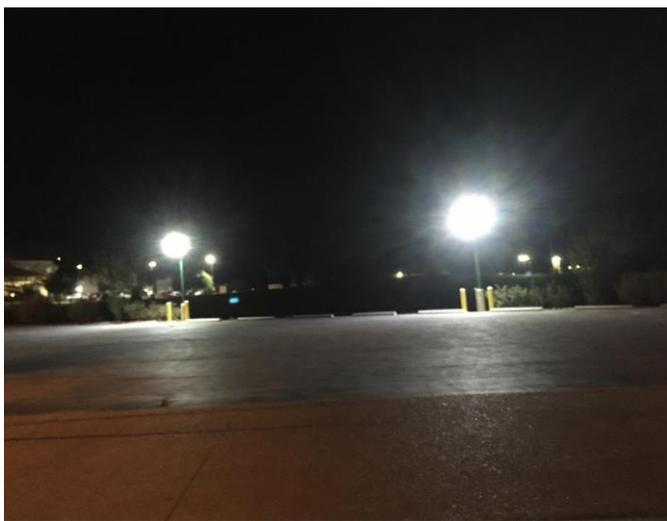

7-11 Hwy 67 at 144

New construction. Dark sky compliant except for several parking lot lights that have not yet been adjusted downward following construction.

Quality Inn and Suites Hwy 67

Non dark sky compliant parking lot lights angled out instead of straight down.

Casa Azteca Hwy 67

Parking lot lights very bright and angled out. Not compliant.

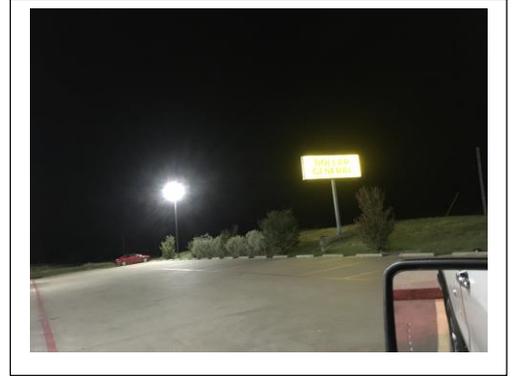

Brookshires Hwy 67

Before remodeling compliant with waiver for brighter bulbs.

Wall packs are not compliant.

Brookshires after remodeling and replacement of lighting with compliant LED lighting. Sign (not shown) is also compliant.

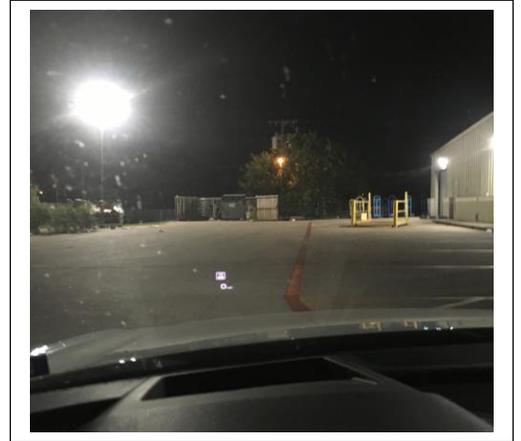

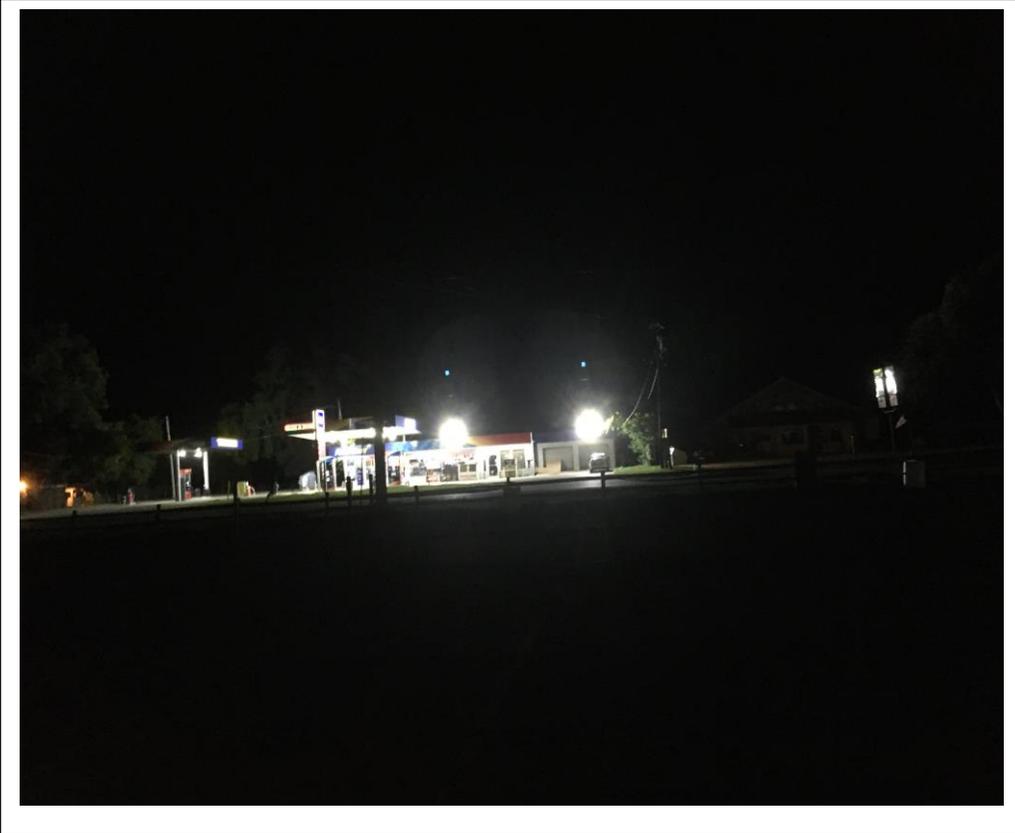

Dollar General Hwy 67.

This building has had light issues with the city since the building was built. There was a public outcry over the conventional lighting which was extremely bright and caused glare on 67. In a compromise agreement with the city Dollar General replaced the lighting with different conventional lighting which was somewhat dimmer and better aimed.

Several years ago Dollar General replaced the lighting again, this time with non-compliant super bright LED's and added additional lights. The lighting is now worse than it has ever been.

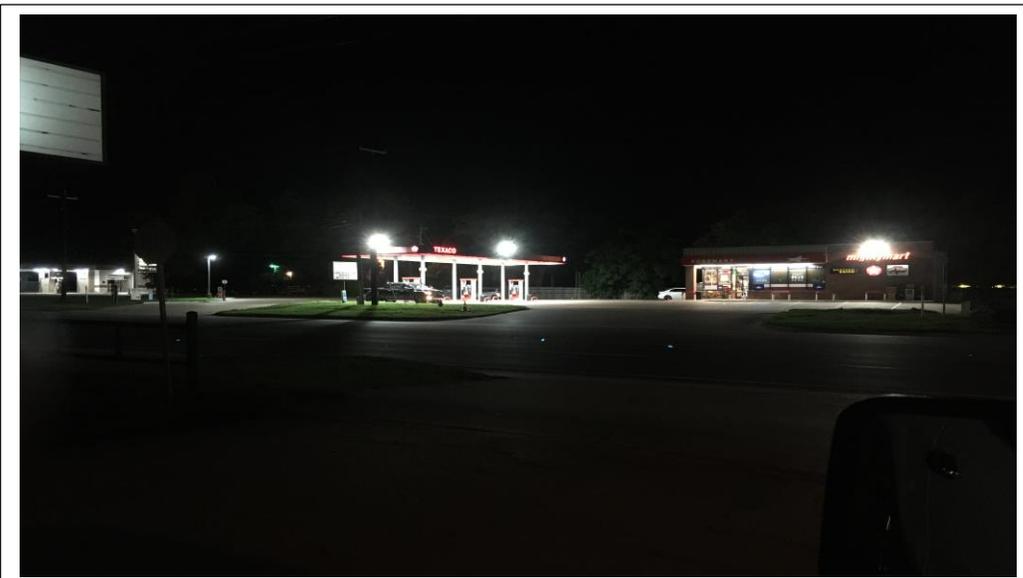

Lucky Travel Mart on Hwy 67 New non dark sky flat panel LEDs installed by owner.

Sunoco Station Hwy 67

New flat panel super bright, outward facing LED lights were installed in 2020. These lights shine across 67 and into the Expo Center disrupting movies shown on the screen.

Texaco Hwy 67. New non dark sky bright LED lights shining outward to 67.

Glen Rose Inn & Suites Hwy 67 behind Big Cup.

La Quinta Hwy 67

High parking lot lights all replaced with LED at an angle. Also has triple lights in parking lot with bare bulbs.
