Southern Trenchless Solutions		\$145,763.25

**PURPOSE OF REQUEST:**

Utilities Services is requesting the purchase of 9 manhole rehabilitation services south of Egyptian Way and north of Jefferson Street. The 2024 Wastewater Masterplan suggests that the selected manholes have a high risk of rainwater infiltration. To help eliminate rainwater infiltration, 2 manholes will be reinforced with fiberglass inserts, 5 manholes will be coated with epoxy and modified polymer, and 2 manholes will be removed.

Chapter 271.102 of the Local Government Code authorizes local governments to participate in a cooperative purchasing program with another local government or local cooperative organization. In place of competitive bidding, items, and services may be purchased through such agreements as the agreements have already been bid by the sponsoring entity or agency.
