This street has long been a street of single family homes and long standing homeowners who take pride in our homes. Renters tend to not do the same. Renters in the surrounding area tend to bring problems and issues not welcomed to long term homeowners who have fought long and hard to clean our area of nuisance and issues such as prostitution, drug users and dealers. We now have a clean street on Worthway and Dalway and want to keep it that way.

## Additional Comments

As a homeowner and lifetime resident of this neighborhood I totally oppose this zone change. This loop of Worthway and Dalway needs to remain zoned as single family home. As long term residents and home owners we are a tight know community and have fought long and hard to clean up our loop of crime and illegal activity. This has been successful in part because we keep out those that don't reside here. Those that do are owners or related to the owners and NOT short term renters. Changing the zone could change that. This loop is for long term living. Myself for 45 years! Short term renters will not take the same community pride, getting to know neighbors, cleaning the streets and sidewalks, street courtesy, night hours noise, etc. Besides that lot is just too small for multiple living complex and parking spots. We don't need the street crowding.
