PURPOSE OF REQUEST:

The Police Department's Code Compliance Division has experienced operational difficulties and inefficiencies with its current case management platform. The current system has limited features and functionality, is not user-friendly, and there is little-to-no automation of routine tasks. As part of the FY 2025 budget development process, staff researched alternative case management platforms on the market, specifically designed for code compliance use.

Notice of RFB # 25025 was advertised in the Fort Worth Star Telegram and Planet Bids; it was sent to 296 vendors, 111 of which are Historically Underutilized Businesses (HUB) or Minority Women Owned Business Enterprise (MWBE), and five are local vendors. Five bids were received as shown on Attachment 1.

The bid received from Comcate Software, which meets the specifications and needs of staff, is recommended for award. The proposed contract will be for one year, with the option to renew for four additional one-year periods. Also included is additional labor hours for training and setup services, should those services be required.
