

CITY OF GRAND PRAIRIE COMMUNICATION

MEETING DATE: 10/11/2022

PRESENTER: Douglas Taylor, Manager / Public Works Department - Water Utilities Division

TITLE: Annual Contract for chlorine & cylinders from DPC Industries, Inc. (up to \$200,000.00 annually). This contract will be for one year with the option to renew for four additional one-year periods totaling \$1,000,000.00 if all extensions are exercised

REVIEWING COMMITTEE: (Reviewed by the Finance & Government Committee on 10/03/2022)

SUMMARY:

<i>Vendor Name:</i>	DPC Industries
<i>Annual Cost/Total Cost:</i>	\$200,000 / \$1,000,000
<i>Department:</i>	Public Works Water Utility
<i>Recommended Action:</i>	Award

PURPOSE OF REQUEST:

The contract is for chlorine and cylinders for the Water Utilities Wastewater Department. The chlorine will be injected into source storage and distribution points at various locations to facilitate and provide water quality in the water distribution system and water storage facilities. The chlorine will also assist with addressing those areas within the water distribution system which may experience low residuals resulting in water quality issues. The estimated \$35,515.00 is added for additional cylinders during the contract term. This would authorize the City Manager to execute the renewal options with aggregate price fluctuations up to \$50,000 so long as sufficient funding is appropriated by the City Council to satisfy the City's obligation during the renewal terms.

PROCUREMENT DETAILS:

Procurement Method: Cooperative/Interlocal ☐ RFB/RFP ☒ Sole Source ☐ Professional Services ☐

Local Vendor ☐ HUB Vendor ☐

Number of Responses: One RFP/RFB #: 22128
