

CITY OF GRAND PRAIRIE
COMMUNICATION

MEETING DATE: 07/14/2025
PRESENTER: Noreen Housewright, Director of Engineering/Utility Services
TITLE: Professional engineering services contract with Wade Trim, Inc. for design and engineering services for the Sunnyvale Road Drainage Improvements Project in the amount of \$239,500
REVIEWING COMMITTEE: (Reviewed by the City Council Development Committee on 07/09/2025)

SUMMARY:

Table with 2 columns: Vendor Name, Total Cost. Row 1: Wade Trim, Inc., \$239,500

PURPOSE OF REQUEST:

This contract provides for construction plan and specification preparation, bidding assistance, and assistance with construction services for the Sunnyvale Road Drainage Improvements project.

These drainage improvements are necessary to mitigate recurring stormwater management issues along the south side of Sunnyvale Road. The existing open ditch and undersized culverts are insufficient to convey runoff during storm events, resulting in localized flooding, roadway degradation, and increased maintenance demands. The proposed project will replace these outdated components with an enclosed storm drain system designed in accordance with the City’s 2017 Drainage Design Manual. This will enhance the efficiency and capacity of the drainage infrastructure, improve public safety, and support long-term roadway integrity.

Wade Trim, Inc. was selected as the most qualified professional for this project due to their extensive experience in storm drain design with other municipalities and familiarity with the project’s needed scope.

PROCUREMENT DETAILS:

Procurement Method: [X] Professional Services

FINANCIAL CONSIDERATION:

Table with 4 columns: Budgeted?, [X], Fund Name: Storm Drainage CIP Fund

If Capital Improvement:					
Total Project Budget	\$938,108.41	Proposed New Funding:	\$0.00	Remaining Funding:	\$698,608.41
