Notes and Assumptions

- (1) Recurring Services - Renewal Prices (Software). Pricing for software is fixed for Years 2 and 3 (Year 1 was previously contracted for 100 endpoints) following the effective date of the applicable agreement or addition thereto, or service commencement date (the "Fixed Pricing Period"). On the first day following the Fixed Pricing Period, and each anniversary thereof, the then-current prices for software shall be automatically increased by a percentage equal to the greater of (a) five percent (5%), and (b) the percentage increase in the Index over the prior twelve (12) calendar months. ["Index" means the CPI - All items in U.S. city average, all urban consumers, seasonally adjusted (CUSR0000SA0), as published by the US Department of Labor. Price adjustments will be determined based on the latest version of the Index, including preliminary Index values. The Index is accessible at <https://www.bls.gov/>. If the Index as defined above is discontinued, the calculation described herein shall be made using the price index with which the US Department of Labor replaces it.] [Notwithstanding the foregoing, Itron reserves the right to pass-through any price increase on third-party software or services that Itron receives from the third-party licensor or service provider.]
- (2) Pricing is based on existing agreements or Itron's standard terms and conditions.
- (3) Taxes, duties, and tariffs are not included. Prices are in US dollars. This quote is valid for 60 days.
