#### AGENDA REVIEW

*Mayor Pro Tem Clemson asked if there were any questions on items three through forty-three from the Consent Agenda, and noted item thirty-nine has a correction and the update has been distributed to council for review. Council Member Adams asked for clarification on funding approved for item forty-two. Parks Arts and Recreation Director Ray Cerda and Parks Superintendent Joey Gomez advised this is to tear out the original court due to numerous safety hazards and to enlarge the court, noting the*

entire project cost is \$522,466 and includes landscaping, to remove and replace the same trees. Council Member Lopez asked for clarification of item forty. Deputy City Manager Cheryl De Leon said this is to add Mr. Ramirez and Mr. Ford to the Tax Increment Financing (TIF) boards. Council Member Lopez asked if there are rules for adding members to the TIF boards. Ms. McGinnis said there are no rules set, it has been done this way traditionally. Council Member Johnson asked what gives Council authority for selecting these individuals. Ms. McGinnis said the city has discretion of appointments. Council Member Del Bosque noted items eleven through nineteen were reviewed by the City Council Development Committee (CCDC). Council Member Lopez asked for clarification of the offer process for item thirty-two. Deputy City Attorney Julie Doshier said they applied through the Mineral Interest Pooling Act (MIPA) to pool mineral lease rights within a certain gas area and they chose us, offered us to give them certain mineral right lease for \$500 per mineral acre and provide 25% mineral royalty. Mayor Jensen explained the percentage is the same as what the Municipal Airport is currently receiving. Ms. Doshier said staff evaluated market conditions, and it is in line with what other cities have been offered and reviewed mapping. Mayor Jensen said it will need to be pulled for Individual Consideration since it is on his property. There was discussion on royalties, burn off, negotiation, horizontal drilling through already existing drill sites and the percentage received from pooled properties. Ms. Doshier confirmed the city engaged outside council to negotiate and said the money goes into the capital lending fund. Council Member Adams asked why items seven through nine are being rejected. Management Services Director Thao Vo advised item seven had only one bid and qualifications and pricing did not meet requirements. Mr. Vo said item eight is Placer AI and they cannot come to terms with the bid terms, so this is a temporary solution for a one year contract to allow them to work on a long term contract solution. Mr. Vo said item nine was recently renewed but met the twenty-five percent cap, has to be rebid as it was larger than previously anticipated and has to align with Texas Local Government Code. Council Member Johnson requested to table items fifty-three through fifty-four. Council Member Del Bosque asked to table item fifty.
