

CITY OF GRAND PRAIRIE COMMUNICATION

MEETING DATE: 01/07/2025

PRESENTER: Noreen Housewright, Director of Engineering/Utility Services

TITLE: Approval of an assignment agreement from Multatech Engineering, Inc. to Lochmueller Group, Inc. for the FY2024 Storm Drain Outfall Repair project

REVIEWING COMMITTEE: (Reviewed by the City Council Development Committee on 12/17/2024)

SUMMARY:

<u>Vendor Name</u>	<u>Total Cost</u>
Lochmueller Group, Inc.	\$140,028.30

PURPOSE OF REQUEST:

On September 3rd, 2024, City Council approved an agreement with Multatech Engineering, Inc. to perform engineering design services for the structural improvements of 3 identified storm drain outfalls apart of the FY24 Storm Drain Outfall Repair. These outfalls were identified from the FY2023 Storm Drain Outfall Inventory Study. Following Council approval, a professional services contract was executed with Multatech.

Multatech Engineering, Inc. has been acquired by Lochmueller Group, Inc. Lochmueller is willing to accept the assignment of rights and responsibilities previously undertaken by Multatech with the executed professional services agreement. This original agreement did not delegate approval of assignment to the City Manager thus the consent to assignment will need to be approved by City Council.

The Engineering Services department is requesting Council action to now delegate approval of assignment from Multatech to Lochmueller Group, Inc.
