

Ambulance Transport Fee Proposal

ROBERT FITE

History to Current

- Last rate change was 2004, was \$500 since 1999
- \$700/\$800 resident/non and \$10 mile
- No disposable cost recovery (some calls \$375 or more)
- Data Collection/HIPAA Compliance/PHI Compliance/
Billing/Collections/Appeals/Fed-State reports all internal
- Cost per transport is \$357
- Senate Bill 2476

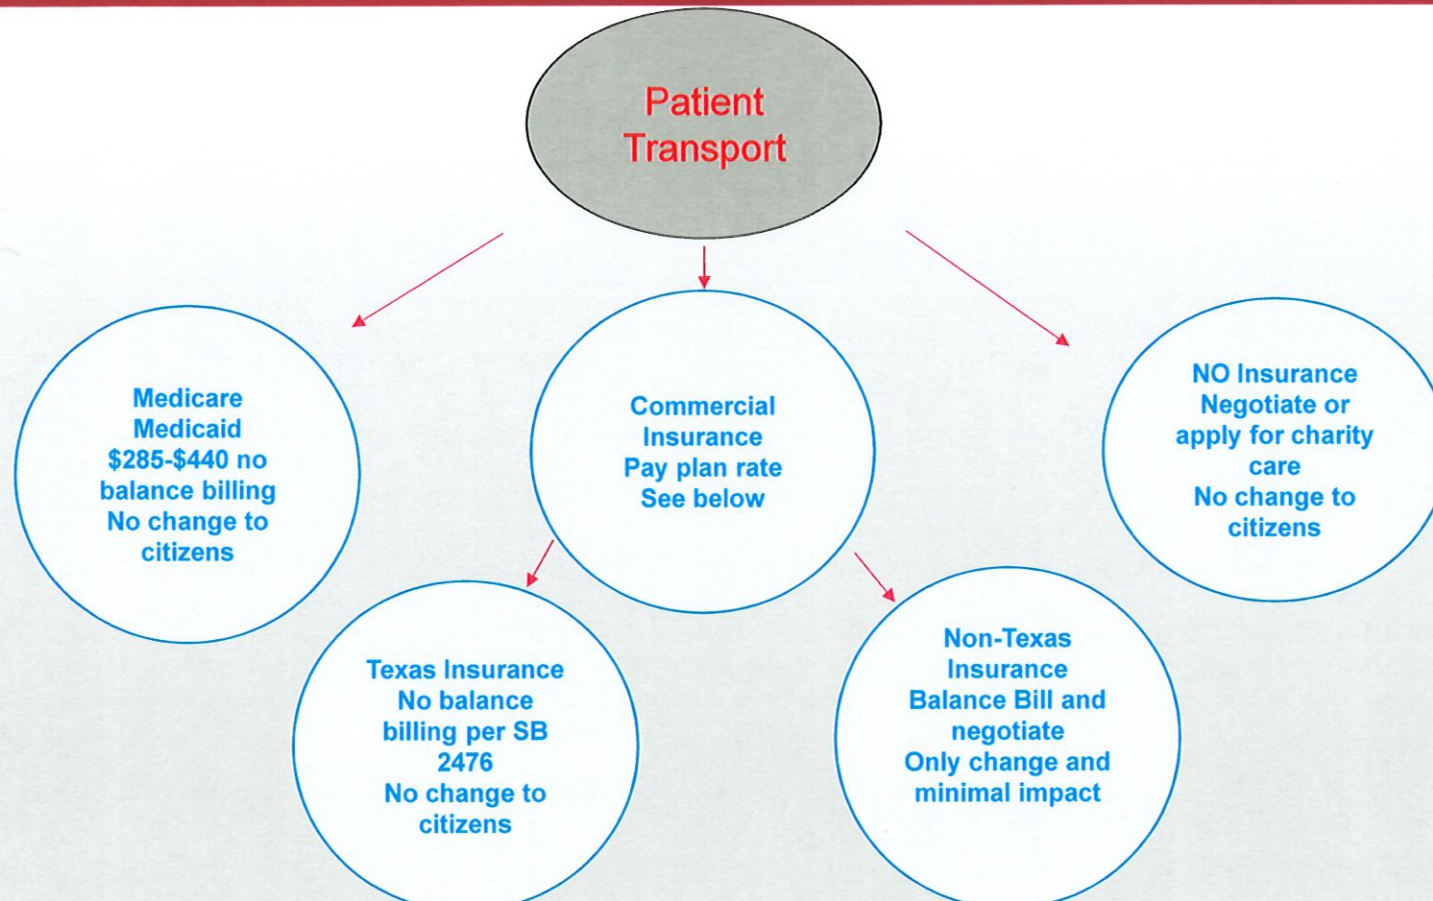

Moving Forward

- Modernize billing recovery based on treatment
- Capture disposables and oxygen
- The majority of revenue increase is commercial insurance
- Billing/Collections/Appeals outsourced
- Prepared for population growth and no additional staff
- New cost per transport will be \$469
- Additional revenue will be { \$1 million } +/-
