

**CITY OF GRAND PRAIRIE
COMMUNICATION**

MEETING DATE: 01/06/2026

PRESENTER: Chip Nami, Downtown Manager

TITLE: Main Street Magic- Tree Farm Recognition

**REVIEWING
COMMITTEE:**

Summary:

The City of Grand Prairie partnered with GPHS Construction Trades students in the Carpentry program at Grand Prairie High School to construct wooden Christmas trees that were on display on Main Street as a photo opportunity as part of Main Street Magic.

These students were able to take what they learned and apply this knowledge in real time as they measured, cut, constructed and painted these festive trees in all different shapes and sizes.

A special thank you to Home Depot for supplying the wooden pallets that were used in this hands-on experience.
