Rental Month:	Twenty-eight (28) calendar days; for diesel units, not exceeding 192 hours running.

Overtime Running:	For diesel units, all scheduled rates are based on an 8 hour per day shift. If diesel equipment is used for a double shift, the 8-hour rate will be multiplied by 1½ times the schedule rate. If used for a triple shift, the rate will be multiplied by 2 times the scheduled rate.

Off Rent:	It is the responsibility of the Customer to call into the Owner's local branch office and obtain an Off Rent Call Confirmation Number. This call serves as notification that equipment is disassembled, properly decontaminated, and stockpiled in one readily-accessible area available for immediate pick-up. Rental and/or labor charges will accrue if equipment is not cleaned and staged for removal.		

IMPORTANT: Obtaining an Off Rent Call Confirmation Number does not release Customer from its obligations to safeguard and secure equipment, including maintaining required insurance coverages, while equipment remains under Customer's care, custody or control pending return of all rented equipment to Owner. Customer shall remain responsible for all loss or damage arising from Customer's failure to safeguard and secure equipment while awaiting pick up.
