21. STP-25-05-0016 - Site Plan - Duncan Perry Industrial (City Council 1 and 5). Site Plan for one industrial warehouse on 13.88 acres. Tract 1 out of the P. H. Ford Survey, Abstract No. 544, and Tract 1 out of the P. H. Ms. Ware presented reviewed site plan, noting it meets density & dimensional requirements. She reviewed requested variances and building elevations and advised the Planning and Zoning Commission (P&Z) recommended approval with a condition: a wrought iron fence shall not be used in place of the retaining wall on the south side. Staff recommended the following: a masonry screening wall shall be provided in compliance with Article 8 and Appendix X of the UDC, abutting residential uses along the southern and eastern property lines; a wrought iron fence with live screening shall be installed where the required masonry walls are prohibited due to floodplain, as approved by the Engineering Department and Planning Department.

Griffin Neal, with Trumont Group, 6433 Woodland Dr., Dallas, said they are privately held and generally believes is long term hold. He reviewed the project location, advised no new uses being introduced, discussed the variance request regarding screening including an existing wrought iron fence and electrical easement. Mr. Neal discussed the sightline study, requesting 105 parking spaces, and noted similar users in Grand Prairie. Council Member Lopez asked to review location of bays and whether they had a confirmed tenant. Mr. Neal reviewed the site plan and rendering and noted they do not yet have a tenant. Council Member Lopez said a masonry wall helps neighbors with truck and other equipment noise. Mr. Neal said all the work has to be done inside the company and dock doors face north, so he does not think sound would be a factor. Council Member Shotwell asked to confirm location of paved parking and to

review any any photos facing south. Mr. Jackson reviewed and noted it slopes away from the apartment. Mr. Neal confirmed they are developing only half the lot due to developable area. Council Member Del Bosque said there is a potential of risk of having trucks and forklift noise.
