

CITY OF GRAND PRAIRIE COMMUNICATION

MEETING DATE: 08/19/2025

PRESENTER: Ryan Simpson, Assistant Director of Police

TITLE: Annual contract with Peregrine Technologies, Inc. for a data analysis and investigative platform in the amount of \$134,000 for one year, with the option to renew for two additional one-year periods with a 3% annual cost increase, totaling approximately \$414,181 if all renewal options are utilized

REVIEWING COMMITTEE: (Reviewed by the Public Safety, Health, and Environment Committee on 08/11/2025)

SUMMARY:

<u>Vendor Name</u>	<u>Annual Cost</u>	<u>Total Cost</u>
Peregrine	\$134,000 (year one) \$138,020 (year two) \$142,161 (year three)	\$414,181

PURPOSE OF REQUEST:

The Grand Prairie Police Department is committed to using innovative technology that enhances public safety, improves the efficiency of police operations, and strengthens community trust. The implementation of Peregrine, a data analysis and investigative platform, supports this commitment by providing Police Department staff with modern tools to solve crimes more effectively and keep the community safe.

Peregrine allows the department to quickly gather, search, organize, and analyze large amounts of digital information from a variety of sources—including public data, case records, and existing technology platforms. This capability greatly enhances the speed and accuracy of investigations. Staff can identify patterns, connect suspects to incidents, and uncover leads that might otherwise go unnoticed through traditional methods. As a result, cases can be resolved more quickly, repeat offenders can be identified sooner, and emerging threats can be addressed proactively. There is no other platform available that combines all of this functionality into a single source of information. Further, Peregrine's search and analysis algorithms are patented, and not available from another provider.

Peregrine's benefits to the community are far-reaching. Peregrine enables faster criminal case resolutions, which helps deliver justice for victims and peace of mind for families. By improving the Police Department's ability to detect and deter crime, the technology contributes to safer neighborhoods. The use of Peregrine reflects the Police Department's dedication to using every available tool to protect the public, uphold the law, and build a safer, stronger Grand Prairie.

PROCUREMENT DETAILS:Procurement Method: ☒ Sole Source☐ Local Vendor ☐ HUB Vendor

Staff has negotiated a 33% discount below the regular list price for this service, which is also 5% below the best available price if purchased via a cooperative agreement.
