# **Summary Description of Goals and Activities**

# **ORDINANCE REVIEW**

The Commission will conduct a comprehensive review of city ordinances related to human rights to clarify the HRC's role and ensure alignment with current city regulations. This review will help commissioners better understand their authority, responsibilities, and the scope of their work in protecting human rights within the community. The ordinance review will provide a framework for future decision-making and help define how the Commission can most effectively serve the community within its legal mandate.

#### **FAIR HOUSING ACT SUPPORT**

The Commission will support the development of a work group to explore fair housing issues and possible panel discussions or other community engagement opportunities within Itasca County. This activity aims to increase awareness of fair housing rights, identify housing discrimination concerns, and provide education to community members about their rights and responsibilities under fair housing laws. The work group may partner with local housing authorities, advocacy organizations, and community stakeholders to create meaningful dialogue and resources around housing equity.

## PRESENTATIONS TO OUTSIDE ORGANIZATIONS (QUARTERLY)

The Commission will conduct quarterly presentations to outside organizations such as schools, service clubs (Rotary, Lions, etc.), faith communities, and civic groups. These presentations will raise community awareness about the HRC's role, educate audiences about human rights and protected classes, provide outreach to diverse community segments, and create opportunities to listen to community concerns. Each presentation will be tailored to the specific audience and may include information about discrimination prevention, the complaint process, and available resources. This activity supports the vision themes of Community Awareness, Education/Outreach, and Listening to Community.

#### **STORY STITCH EVENT**

Story Stitch is a community dialogue facilitation methodology that creates safe spaces for people to share personal stories and build understanding across differences. The Commission will either facilitate a Story Stitch event directly or bring in trained facilitators to lead this community conversation. This event will provide an opportunity for community members to share their lived experiences related to identity, discrimination, belonging, and human rights. Through storytelling and guided dialogue, participants will build empathy, discover common ground, and strengthen community connections. This activity aligns with the vision themes of Education/Outreach, Our Role, and Listening to Community.

## **BRAVER ANGELS EVENT**

Braver Angels is a national organization dedicated to bridging political divides and fostering constructive dialogue across ideological differences. The Commission will either facilitate a Braver Angels workshop or bring in certified Braver Angels facilitators to lead a community event. This structured dialogue will help participants understand different perspectives, reduce contempt and hostility, and find common ground despite political or ideological differences. The event will contribute to building a more cohesive community where diverse viewpoints can coexist respectfully. This activity supports Education/Outreach, Our Role, and Listening to Community vision themes.

# **QUARTERLY WORKPLAN & BUDGET REVIEW**

The Commission will conduct quarterly reviews of its work plan progress and budget expenditures to ensure accountability, transparency, and effective use of resources. These reviews will allow commissioners to assess which activities are meeting their goals, identify any needed adjustments to priorities or approaches, track spending against the annual budget, and ensure alignment with the Commission's vision themes. Regular review creates opportunities

for learning, course correction, and strategic planning. This activity reflects the Commission's commitment to responsible stewardship of public resources and effective governance as outlined in Article 10 of the Commission By-Laws.

# **COMMUNITY EVENT PARTICIPATION & VOLUNTEER ENGAGEMENT**

The Commission will actively participate in and volunteer at established community events throughout the year to increase HRC visibility, demonstrate collaboration with community partners, and engage directly with diverse community members. Target events include Stomp on Stigma (mental health awareness), Pride celebrations (LGBTQ+ support), Soup on the Street (food security and homelessness), Indigenous People's Day, and other community gatherings as opportunities arise. Through this hands-on engagement, commissioners will staff information tables, distribute educational materials about human rights protections, assist with event logistics, and engage in conversations with community members about discrimination and available resources. This visible presence helps vulnerable populations feel uplifted and supported while educating the broader community about human rights. The Commission remains open to participating in additional community events that align with its mission and vision themes. This activity supports Community Awareness, Collaboration, and Listening to Community vision themes.

#### **COMMISSIONER TRAINING AND EDUCATION (ONGOING)**

Actions or decisions by the Grand Rapids Human Rights Commission to provide freedom from discrimination require knowledge about the types of prohibited discrimination and ways in which these types of discrimination may occur in employment, housing, real property, public accommodations, public services, education, and unfounded charges (City of Grand Rapids Rules, Division 6 Sec 2-301). The Commission plans to identify and support commissioner training opportunities and activities throughout the year. This may include approaches such as outside speakers, presentation or event sponsorship, community meetings, interviews, identifying and sharing of pertinent news articles or reports, and/or other methods. Commissioner training and education will be an ongoing objective and activity that strengthens the Commission's capacity to serve the community effectively.

#### Notes:

During the year, adjustments may be made to reflect changes in costs, changes in priorities, changes in format or delivery methods, or identification of human rights concerns that were not identified in compiling the preceding list but which the Commission feels need to be addressed. Examples include:

a. Possible adjustments could occur due to identifying new or incidental human rights concerns related to protected groups and areas from the Minnesota Human Rights and other state statutes and regulations:
