Summary Description of Goals and Activities

Commissioner Training and Education

Actions or decisions by the Grand Rapids Human Rights Commission to provide freedom from discrimination requires knowledge about the types of prohibited discrimination and ways in which these types of discrimination may occur in employment, housing, real property, public accommodations, public services, education, and unfounded charges (City of Grand Rapids Rules, Division 6 Sec 2-301). The Commission plans to identify and act to identify and support commissioner training opportunities and activities throughout the year. This may include approaches such as outside speakers, presentation or event sponsorship, community meetings, interviews, identifying and sharing of pertinent new articles or reports, and/or in other ways. Commissioner training and education would be an ongoing objective and activity.

Support Juneteenth Day Event

The Commission intends to recognize *Freedom Day*, June 19th, which includes recognizing freedoms in our nation and community including human rights, civil rights, and freedom of discrimination and creating public awareness of these rights through assisting street-side setting of street banners recognizing these freedoms, posting of United States flags, and co-issuing news media information.

Community Needs Assessment

The Grand Rapids Human Rights Commission strives to identify human rights issues of greatest concern in the city, and to develop and implement activities to make improvements in the areas of greatest concern. Achieving this goal requires demographic data about the city population. To gather such data the Commission desires to identify data needs and data sources, analyze the data, and from the data analysis develop plans for Commission activities in the community or recommend city policies to address, mitigate or alleviate those human rights concerns or issues. The Commission intends to review 2020 census data to inform changes in priorities, activities, and recommendations in the city.

Review human rights educational opportunities with other groups*

Schools in Grand Rapids contain their own sets of human rights concerns and opportunities. The Commission intends to explore and begin discussions with the schools in Grand Rapids to look into such possibilities as improving student experiences and understanding of diverse cultures possibly through programs such as pen pal programs with students in other countries, sponsoring an education Summit focused on human rights, or conducting a Human Rights Day event with local school. When an appropriate event is identified, the Commission expects to support such event.

Indigenous People's Day

The Commission was an important factor in establishment of Indigenous People's Day in Grand Rapids and has continued as a key factor in conducting and sponsoring the annual event as part of creating cultural awareness in the local community. This role is planned to continue, including establishing a Human Rights Commission Indigenous People's Day committee to collaborate with other community groups to plan, identify a theme, organize, and conduct an Indigenous People's Day program and activities.

Notes:

During the year, adjustments may be made to reflect changes in costs, changes in priorities, changes in format or delivery methods, or identification of human rights concerns that were not identified in compiling the preceding list but which the Commission feels need to be addressed. Examples include:

- **Commissioner Expectations**
 - Planning too late
 - Time & other time commitments
 - Participation of commissioners
 - Are expectations clear for work groups, showing up, volunteering equally?

- Lack of quorum
 - Subject matter – staying on task?
- **Missing – mission-focused work**
 - Lot of time in meetings spent on marketing and business (though necessary) also takes away from discussion around issues in community
 - *Briefly discussed looking at other rules to run meetings (i.e. get rid of Roberts Rules)*
 - Should have done more with Pride (larger sponsorship, actively volunteer, etc.)
- **Others**
 - Seek opportunities for funding
 - Systemic structures
 - Sexism, racism, ableism, etc.

 - Opportunities to help push visibility in different groups of people outside of facebook and newspaper
 - Other ways to recruit and engage?
 - Diverse population – ensuring representation and activities
